SAGAN™
AQUABRICK™
 WATER FILTRATION SYSTEM
CONTAINER

STACKABLE STORAGE

In addition to being the integral part of the AquaBrick™ Water Filtration System, the AquaBrick™ Container is both stackable and interlocking and may be beneficial for a myriad of uses, such as:

Multi-Purpose Storage

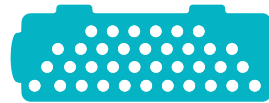

Outdoor Activity

Emergency Preparedness

WATER
 3 Gal./ 11.35 ltr.

FOOD
 20 lbs./9 Kg

- Water Storage
- Food Storage
- Dry Storage
- Camping
- Hunting
- Fishing
- Picnics
- Boating/Kayaking
- 72 Hour Emergency Kit
- Ice Block
- Ammo Storage
- Document Storage
- ATV/Pack
- and lots more...

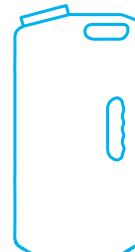

PRODUCT SPECIFICATIONS	
WIDTH	9 in/22.86 cm
LENGTH	18 in/45.72 cm
HEIGHT	6 in/15.24 cm
WEIGHT	2.36 lbs/1.07 kg
VOLUME	3 gallons/11.35 liters

The AquaBrick is made of High Density Polyethylene (HDPE) plastic. It may be used continuously in extremely hot conditions up to approximately 230 F / 110 C. The plastic will become brittle at approximately -103 F / -75 C.

72 Hour
 EMERGENCY WATER STORAGE FOR 1 PERSON

Safe Storage
 AIR TIGHT & UV RESISTANT

Durable
 BPA FREE HIGH DENSITY POLYETHYLENE PLASTIC

Easy to pour
 EMPTIES OUT COMPLETELY

Easy to use
 EASY TO CARRY & CLEAN

Easy Storage
 USEFUL STRAP DOWN GROOVES ON SIDES

Recyclable & BPA free
