#### Additional supplies needed:

- Powered screwdriver with a Phillips head

Fig. 1

**IMPORTANT** Center “DuraBumper” logo on narrow-end of cart as shown in Figure 1.

Fig. 1 Two people are recommended for easy installation. Slip bumper guard over cart.

Fig. 2

Fig. 2 Pull bumper guard down and stretch over cart’s frame.  
**NOTE:** Bumper guard should fit snug and tight.

Refer to Fig. 3 through Fig. 6 for each long-side of cart.

Fig. 3

Fig. 3 Pull bumper downward and center Velcro strip on top-edge of cart’s frame.  
**NOTE:** Use tape to temporarily hold Velcro in place.

**IMPORTANT** Velcro strips must be centered and positioned along TOP-EDGE of cart’s frame.

Fig. 4

Fig. 4 Install FIRST screw at center and TOP-EDGE of Velcro.

Fig. 5

Fig. 5 Working outward from center of Velcro, install the remaining hardware by evenly spacing each screw.

Fig. 6

Fig. 6 Pull fabric bumper guard up and over cart’s frame and firmly press onto Velcro.

Fig. 7 Installation complete!
