

## A PERSONAL MESSAGE FROM OUR CEO

When I shop, I am not just buying a product or service. I purchase why that brand focuses on what they do, what their corporate philosophy is, the quality of their products, and whether or not my personal core values align with that brand's vision. When I don't feel great about a company's brand, products, or how i'm being treated as a customer, then I know they are not delivering on what matters most: exceeding the customer expectation by delivering happiness with their products, quality, and service.

This primary focus is what drives our culture at team Skybound. For supporting our vision, we would like to personally thank you for trusting us to deliver happiness to you and your family!

-Kiki (CEO) & Team SkyBound

*"Nurturing the inner-child in all of us by  
uniting communities worldwide and  
promoting an active lifestyle."*

# ASSEMBLY INSTRUCTIONS

PLEASE KEEP THIS MANUAL AS IT CONTAINS IMPORTANT INFORMATION

## IMPORTANT SAFEGUARDS

Always enter the enclosure only through the door of the net zipper. High winds increase the chance of a trampoline with enclosure being blown over. Always secure your trampoline by using an anchor kit. Adequate overhead clearance is essential. A minimum of 24 ft from the ground level is recommended. Provide clearance for wires, trees, and other obstacles. It is recommended for at least 2 able bodied adults to set up the trampoline net.

## CARE AND MAINTENANCE

While every attempt is made to ensure the highest degree of quality and protection in all equipment, we cannot guarantee complete exemption of injury. The user assumes all responsibility of injury due to use of this equipment. All merchandise is sold on this condition, and all equipment is used at the consumers risk.

## LIABILITY

Always inspect your trampoline and enclosure before each use and regularly replace any worn, defective, or damaged parts.

This object is subject to wear and tear. No warranties whether expressed or implied are provided. Injury will likely occur with the use of a trampoline or any associated product. Use with supervision. Use at your own risk. Only Use in a well-lit, well secured down area.

**TRAMPOLINE PAD**  
x1

**BUNGEE ROPES**  
x12

# ASSEMBLY INSTRUCTIONS

## ATTACHING THE PAD

## STEP 1

Remove your old pad by detaching the ties attached to the trampoline frame at the bottom of the pad. Lay your new pad on top of your exposed springs.

## STEP 2

Locate the black loops on the bottom side of your pad. At each loop take a bungee and thread it through the loop. Next, wrap the bungee around the outside metal frame with one end of the bungee pulled and wrapped around the ball end.

## STEP 3

Finally, pull the pad down to cover your frame and bungees and you're all set!
