

A PERSONAL MESSAGE FROM OUR FOUNDER

When I shop, I am not just buying a product or service. I purchase why that brand focuses on what they do, what their corporate philosophy is, the quality of their products, and whether or not my personal core values align with that brand's vision. When I don't feel great about a company's brand, products, or how I'm being treated as a customer, then I know they are not delivering on what matters most: exceeding the customer expectation by delivering happiness with their products, quality, and service.

This primary focus is what drives our culture at Team Skybound. For supporting our vision, we would like to personally thank you for trusting us to deliver happiness to you and your family!

ASSEMBLY INSTRUCTIONS

INSTALLATION STEPS OF SWING NET FRAME

STEP 1

Lay the swing (1) on the floor and open the tabs with the Velcro straps.

STEP 2

Slide swing tubes (2) into the pockets of swing (1) as shown below. Connect the four tubes together.

ASSEMBLY INSTRUCTIONS

INSTALLATION STEPS OF SWING NET FRAME

STEP 3

Make sure that a thicker tube end with a hole follows a pipe end with a spring button.

NOTE: Do not connect the tubes yet.

STEP 4

Place the two ropes (3) with the suspensions made of plastic in the correct sequence next to the swing (1). Please make sure that the ropes are not twisted.

STEP 5

Slide the plastic suspension of the rope (3) from above through the opening of the tab with the Velcro straps. Then use side "II" (see marking) to attach the suspension to the thicker tube.

STEP 6

Now connect the tubes to each other, while pressing down the spring pressure button on the thinner end of the tube. The inter-locking is achieved through the latching and clicking of the push button.

Now, close the tab with the Velcro straps.
