Robert Heiman, the founder of Epicuren Discovery and HOLOCUREN, is the formulator of Miracle Lips. As a developmental scientist for over 40 years, his formulations are known worldwide and respected for their results oriented benefits in health and beauty.

Ingredient Information

The Propolis in Miracle Lips is a resinous mixture from tree buds, tree sap flows or other botanical sources collected by the Brazilian honey bees to protect their hive from infection. The secret is the Brazilian bee Propolis, the same ingredient as in Miracle Lips.

Australian Melaleuca Tea Tree Oil, Native to the northeast coast of New South Wales, Australia, has been used for healing for thousands of years cleansing the body of bacterial, viral and fungal infection.
