Redial last number		Double click POWER button	"BEEP" SOUND

Wearing Method

Ear-fins

Earbuds

Left

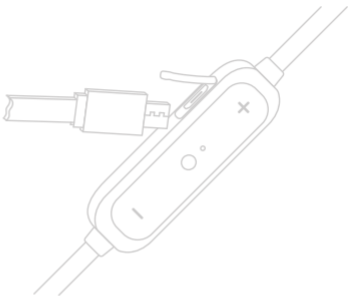

Right

Using the correct size eartips and ear-fins is critical for maximum external noise isolation and a snug, secure fit. It is also common to have different sized ear canals so try the eartips and ear-fins one at a time to find the best fit for each side.

1. Identify the left and right earbuds. Look for L/R mark near the round hole in the ear-fin, which is used to fix it on the earphone. Then choose the size that best fits each ear - S, M or L.
2. Place the assembled earbud with the eartip in your ear canal and tuck the ear-fin into the front ear fold facing up. Adjust the eartips to a suitable angle until you have a tight and snug fit.
3. Please try various supplied eartips and ear-fins to find comfortable and better fit.

Charge the earphones

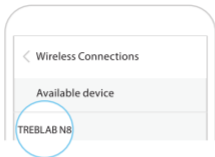

The battery has approximately 9 hours of battery life.

1. When earbuds' battery is low level, there will be a 'Battery Low' voice prompt in your earbuds, and a red light flashing every 5 seconds.
2. Using the provided USB/micro USB cable, connect the micro USB end of the charging cable to the micro USB charging port and the standard USB end to a PC USB port or USB charger.

The LED indicator will be red while charging. It will turn blue after 1-2 hours. The battery is

3. now fully charged.

Pairing

1. Long press POWER button for 4 seconds.
2. You will hear "Power ON" voice prompt in the right earbud. Keep pressing POWER button until you hear "Pairing" voice prompt.
3. Red and blue LED lights will flash rapidly.
4. Turn the pairing mode on your smart device and keep it within 3 feet / 1 meter from the earbuds while pairing
5. Using your smart device, scan/search for available devices (check your device's manual if you're unsure how to do this).
6. Select TREBLAB N8 from the device list.
7. If prompted by your device to connect, select Yes.
8. You will hear "Connected" after successful pairing.

Pairing

The TREBLAB N8 can only be paired to one device at a time.

- To connect another device, temporarily switch off pairing mode on the first device you connected to.
- Repeat steps 1-8 and connect the other device.
- Turn the pairing mode back on for the first device.

After the connection is lost, the N8 will try to reconnect automatically to the last paired device.

Phone calls

- To answer an incoming call: Single click POWER button.
- To reject an incoming call: Double click POWER button.
- To finish the conversation: Single click POWER button while on the line

Troubleshooting

Device doesn't find TREBLAB N8

- Ensure the N8 are in pairing mode, and LEDs are flashing blue and red. Refer to previous section on how to enter into the pairing mode.
- If N8 is in pairing mode and flashes blue and red, but is still not found by your device, please restart your device and the headset.

Frequent disconnection and noise

- Ensure the distance between your device and the headphones is less than 33 feet / 10 meters.
- Ensure nothing is blocking the signal between your device and your Bluetooth earbuds.
- For optimal sound quality, the distance between your device and the earphones must be less than 30 feet / 10 meters, in an open space with no solid obstacles in the way.

Can't turn the headphones ON

- Please make sure the earbuds are charged, if not – charge them, and try again.

Can't connect the earbuds to your device

- Ensure TREBLAB N8 are fully charged.
- Go to your device's menu and delete TREBLAB N8 from the list by clicking "Forget this device".
- Turn your device's pairing mode OFF, then turn it back ON: TREBLAB N8 won't be on the list of devices.
- Power OFF device, then turn back ON.
- Enter the earbuds into the pairing mode and follow instructions for connecting (page 7).

Restore factory settings

1. Go to your smart device's menu and delete TREBLAB N8 device from the list by clicking "Forget this device". Power OFF the device, then turn back ON. TREBLAB N8 earbuds will be deleted.
2. Press the earbuds' "Volume +" and "Volume -" buttons simultaneously and hold for 3-5 seconds, until the blue and red LED lights flash 3 times.
3. Power OFF the earbuds, then turn back ON, and follow instructions for pairing.

Safety Rules

- Never disassemble or modify your headset for any reason. Doing this may cause the headset to malfunction or become combustible. The damage to your device can void your manufacturer's warranty.
- Do not allow your device to get wet - liquids can cause serious damage. Water damage to your device can void your manufacturer's warranty.
- Excessive sweating may damage the product. Make sure to wipe the headphones dry before charging.
- Avoid exposing TREBLAB N8 to extreme temperatures (below 37°F / 3°C or above 112°F / 45°C). Extreme temperatures can cause deformation of N8 components, reduce battery life and the lifespan of your new earphones.

- Avoid putting device's LED lights close to the eyes of children or animals.
- Do not use your X2 during a thunderstorm. Thunderstorms can cause serious malfunction and increase the risk of electric shock.

Battery information

- Your device is powered by a rechargeable battery.
- Unplug the headphones from the electrical plug when not in use.
- If left unused, a fully charged battery will lose its charge over time.
- We recommend a full charge twice a month to ensure battery integrity.
- Please do not leave the device (and charging dock) in hot or cold places, such as in a closed car in summer or winter conditions because this will reduce the capacity and lifetime of the battery.
- Do not dispose of the batteries in a fire as they may explode.
- Batteries may also explode if damaged.

Specifications

Model Number	TREBLAB N8
Voice frequency	SBC
Wireless connection version	4.1
Support agreement	A2DP/AVRCP
Frequency response	20Hz-20KHz
Compatibility	iOS/Android/Windows
Bluetooth distance	<33 feet / 10m
Working time	Up to 9 hours
Charge time	1.5-2H
Standby time	About 240H
Battery capacity	120mAh
Speaker unit	8.2MM
Size	18x14x14 mm
Weight	21g

Thank you

We truly appreciate that you chose TREBLAB as your trusted brand of wireless earbuds and sincerely hope that you enjoy the great sound and seamless usability TREBLAB N8 provides. We love making our customers happy by providing true value with our products.
