WINEMAKING INFORMATION

2014 Holloran Riesling Dundee Hills

The warm, dry summer and fall in 2014 provided plentiful ripe, clean fruit. The hand-harvested grapes are pressed whole cluster, then settled for 2 days. The juice is then moved to a stainless steel tank, where it ferments.

TASTING NOTES

This beautiful old-vine Riesling offers aromas of white peach and spice, with a hint of minerality. The mid-palate is ample, with juicy stone fruit flavors, leading to a moderately long finish. Pair with chicken breast stuffed with fig and goat cheese, spicy stir fry dishes, or blue cheese.

HOLLORAN VINEYARD WINES

Harvest Date: Sept. 11, 2014

Bottled March 4th, 2015

128 cases produced

VINEYARD INFORMATION

This wine comes from our ANA vineyard in the Dundee Hills. ANA vineyard is in the Dundee Hills AVA.

It is a 20 acre site, planted starting in 1974, with 13 acres under vine. We dry farm this site, forcing the roots down many meters. Our farming is organic and biodynamic.

The Riesling block at ANA is own-rooted Geisenheim 110 clone Riesling. It sits on the top bench of the vineyard, slightly south/southwest facing.

The soils at ANA are volcanic, in the Jory series. The parent material is basalt, starting about 60 inches down. The soil composition is a silty clay loam, with a pronounced red tint, hence the 'red hills of Dundee'.
