Features & Dimensions

Secured, Not Enclosed

Your iPad Pro isn't going anywhere. Our patented tablet brackets closely contour and capture your iPad's corners with heavy steel. This security comes with uncompromised functionality. With WindFall Stand Prime, every camera, button, switch, speaker, and port remains functional and accessible. You can use the Guided Access feature in iOS to limit the functionality of the Home button and other iPad features.

Tamper-Resistant Assembly

WindFall Stand Prime's fingerprint-resistant and scratch-resistant powder coat finish is as durable as it is gorgeous. Stand Prime's tamper-resistant, stainless steel hardware gives you the peace of mind to be able to leave your tablet unattended.
