

A & L Furniture products that are shipped to or sold in California are subject to the Safe Drinking Water and Toxic Enforcement Act of 1986, more commonly known as “Proposition 65”. Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that can cause cancer, birth defects, or other reproductive harm.

Our wood furniture items contain very small amounts of wood dust. Research supports health-related risks due to wood dust but finds that the amount of exposure to wood dust is directly related to the health risk. Dangerous exposure limits are generally found in the facility where wood is being sawed and/or sanded.

WARNING: This product can expose you to chemicals including wood dust, which is known to the State of California to cause cancer, and toluene known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/furniture.

Please note that this warning only applies to Hickory Furniture. This warning does not apply to any other A & L Furniture products. If you have any questions, please refer to www.p65warnings.ca.gov.
