WEBLEY
NEMESIS X™
CO₂ AIR RIFLE

NEMESIS X™ RIFLE USER MANUAL

WARNING: Not a toy. Adult supervision required. Misuse or careless use may cause serious injury or death. Always wear eye protection when using this airgun. This airgun is intended for use by those 18 years of age or older. May be dangerous up to 275m/301yds. **READ ALL INSTRUCTIONS BEFORE USING.**

WARNING: Do not brandish or display this airgun in public; it may confuse people and may be a crime. Police and others may think it is a firearm. Do not change the coloration or markings to make it look more like a firearm - that is dangerous and may be a crime. **IMPORTANT:** adult supervision required. Must be 18 years of age or older to purchase. Buyer and user have the duty to obey all laws regarding the use and ownership of this airgun.

THE BASIC SAFETY RULES

1. Treat every rifle as if it is loaded.
2. Never point a rifle at anyone, or allow anyone to point a rifle at you even if you think it is not loaded.
3. Always carry the rifle so that the direction of the muzzle is under control, even if you stumble.
4. Always be sure of your target and what lies behind it, before you squeeze the trigger.
5. Never leave a loaded rifle unattended.
6. Beware of targets which tend to cause ricochets.

Keeping to these rules will ensure safe and enjoyable sport with your new air rifle.

THE LAW

KNOW THE LAW ON AIRGUNS AND OBEY IT.

ACT RESPONSIBLY, ACT SAFELY AND ENJOY YOUR SHOOTING!

USE THE CORRECT PELLETS

Always use the appropriate quality .177 & .22 airgun pellets.
Never use any damaged, tarnished or previously used pellets

LOADING INSTRUCTIONS

When handling the air rifle the safety catch should always be in the safe position with the white bar visible.

Do not attempt to pull the trigger whilst the safety catch is in the safe position, excessive force will damage the mechanism.

Single Shot Tray

Pull the bolt to its rear position, slide in the Single Shot Tray to the position shown.

Place the pellet into the trough in the Single Shot Tray, dome or flat head forward.

Push the bolt forward and lock in position.

LOADING INSTRUCTIONS

Tandem Magazine

Push pellet nose first into the transparent faceplate on either side of the Magazine, rotate the central cylinder anti-clockwise to the next empty chamber, push in the next pellet. Repeat for the amount of shots required. Repeat on the reverse side of the Magazine.

Remove the Single Shot Tray, Push the Tandem Magazine from the left of the gun until it clicks.

LOADING INSTRUCTIONS

Tandem Magazine (con't)

Push the bolt fully forward.
When ready to fire, press the
Safety Catch fully to left until
the red fire indicator is visible.
Squeeze the trigger to take
your shot.

The Tandem Magazine or
Single Shot Tray is kept in the
Magazine storage when not
in use.

LOADING INSTRUCTIONS

CO2 Cartridge

Ensure rifle is unloaded. Press stock release and slide stock rearwards. Screw in 88g CO2 cartridge until tight. Slide stock back on until the release button protrudes through the slot.

We recommend using Webley Hard Air CO2 and Webley pellets.

SWAPPING THE BOLT INSTRUCTIONS

Ensure rifle is unloaded.

Using a small flathead screwdriver, unscrew the Retaining Bolt accessed via the rear of the Rifle.

SWAPPING THE BOLT INSTRUCTIONS

Keeping the rifle horizontal, use the screwdriver to push the Retaining Bolt rearwards once it is undone.

Rotate the Bolt Handle 90 degrees and remove from the body of the Rifle. Insert the Bolt Handle in the desired side of the Rifle and screw in the Retaining Bolt hand tight.

When swapping the bolt, the slot side must face the muzzle, shown right.

WHISPER IT ... IT'S BACK

NEMESIS

The **NEMESIS CO2 AIR PISTOL** is designed to be balanced, comfortable and versatile as well as pleasing to the eye. From the gun company that created the air pistol (over one hundred years ago) comes yet another innovative, quality product that makes you more than proud to own a Webley.

Webley 2 x12g Adaptor

Webley have developed an adaptor for the Nemesis X which enables the user to install 2 x 12g CO2 cartridges in place of a single 88g CO2 cartridge.

**CO2 + ATTITUDE
= HARD AIR**

Developed especially for CO2 Pistols & Airguns, the Webley HARD-AIR CO2 features Webley's TRU-GLIDE lubricant for added performance across a broad range of temperatures.

Conveniently packaged with inner printed packaging and large outer case for bulk purchasing.

For maximum accuracy,
performance and penetration,

We recommend using
genuine Webley pellets.

Available in all good gun shops.
Ask your local Dealer.

WEBLEY PRECISION AIRGUNS

WEBLEY
NEMESIS XTM
CO₂ AIR RIFLE

BRITISH ENGINEERING SINCE 1790.

Webley started producing airguns in Birmingham, England in 1924. Today, we produce airguns to the same design principles as then – quality, precision and affordability. When you purchase a Webley airgun, you will own a piece of history with a pedigree that is famous worldwide.
