HOW CAN CRESCENDO 2 HELP?

Crescendo 2 is a preferred non-medicinal solution for a wide range of sexual health issues. Regular application of a directional vibration can help improve sexual function, make sex enjoyable & more comfortable.

PELVIC HEALTH

Pelvic health problems including urinary & bowel incontinence are common for many women.

PAIN DISORDER

•

Vibratory stimulation is a commonly recommended treatment for vulvodynia. dyspareunia and vulval pain conditions.

URINARY INCONTINENCE

Urinary incontinence is common in women, especially for those over the age of 40. Crescendo 2 can be used both vaginally and on the perineum to strengthen the pelvic floor muscle and reduce urine leakage.

IMPROVED SEXUAL WELLNESS

Leads to better sleep, lower stress, reduced heart diseases, less headaches & improved skin.

ORGASMIC DISORDER

For women experiencing trouble with arousal or orgasm, using Crescendo 2 on the genitals can help improve vaginal lubrication and genital sensation.

PREMATURE EIACULATION

Premature ejaculation affects a third of the male population worldwide. Regular use of Crescendo 2 through start-stop exercises can reduce ejaculation symptoms.

ERECTIILE DYSFUNCTION

Vibration stimulation to the penis and pelvic floor can improve erectile dysfunction. Use Crescendo 2 both before and during intercourse for stronger, longer-lasting erections.
