# Feeling is everything

Simplicity • Performance • Sensation

## ABOUT US

We founded überlube in 2002 with the aim to create a lightweight, non-sticky lubricant with long lasting performance: a lubricant that reduces friction, not sensation. After hundreds of formula iterations and extensive market testing:

### ÜBERLUBE WAS BORN

Überlube is a personal lubricant intended to moisturize and lubricate, to enhance the ease and comfort of intimate sexual activity and supplement the body's natural lubrication.

“  
| **AT ÜBERBLUBE,**  
| **ALL WE DO IS MAKE ÜBERLUBE** |  
”

As a family business, every single batch is produced, tested and packaged in-house, near Chicago. With only 4 ingredients, without scent or flavor and presented in a clear glass bottle, this pure formula has become over the years the lubricant of choice in the USA.
