

SOLID METAL 2-INCH SHOWER HEAD

American Design. Solid Metal. Built to Last.

SEE REVERSE FOR WARRANTY DETAILS

You're making a difference with your purchase! Thank you!

With this purchase you're saying NO to "fast fashion" and YES to long lasting quality. That means LESS JUNK in landfills! We make durable shower heads, not disposable ones.

When you buy HammerHead Showers, you can be assured we take no shortcuts, using only the highest quality metals and finishing processes - never plastic! Designed and tested in the USA each product undergoes America's finest quality control standards.

We hope you enjoy your solid metal shower head for years to come!

Justin Ball, Founder, HammerHead Showers®

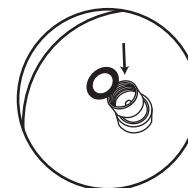

INSTALLATION INSTRUCTIONS

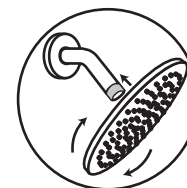

1. Remove existing shower head and clean the shower arm.

2. Wrap shower arm with provided Thread seal tape. At least 3 wraps, clockwise.

3. Ensure washer is seated inside shower head threads. (Comes pre-installed)

4. Hand tighten shower head to shower arm. Finish tightening with adjustable wrench.

INSTALLATION INSTRUCTIONS (continued)
