

UNITED STATES

1857-O \$20 NGC MS63*

James Ross Snowden
U.S. Mint Director 1853-1861

It's no secret that New Orleans Mint \$20's are smoking HOT in today's market! These coins were minted for a commercial purpose and were seldom ever held back for any special reason at the time.

As such, finding Mint State examples is quite a challenge! In the lofty grade of MS63 or finer only 6 coins have ever attained that status of ALL O Mint \$20's ever produced!

1851-O: 1 MS63 exists

1852-O: 1 MS63 and 1 MS65 exists. This is not as good of a date as an 1857-O!

1856-O: 1 MS63 exists, a probable \$3,000,000 coin in today's market!

1857-O: 1 MS63*, this coin! The ONLY Star designated O Mint \$20 we know of!

1858-O: 1 MS63 exists
