1957-KN ELIZABETH II SPECIMEN 20 CENTS PCGS SP66

Elizabeth II is Queen of the United Kingdom and 14 other Commonwealth realms. Elizabeth was born in Mayfair, London, as the first child of the Duke and Duchess of York. Her father acceded to the throne in 1936 upon the abdication of his brother, King Edward VIII, making Elizabeth the heir presumptive. In November 1947, she married Philip Mountbatten, a former prince of Greece and Denmark, and their marriage lasted 73 years until Philip's death in 2021. When her father died in February 1952, Elizabeth— then 25 years old—became queen regnant of seven independent Commonwealth countries: the United Kingdom, Canada, Australia, New Zealand, South Africa, Pakistan, and Ceylon, as well as Head of the Commonwealth.

Kings Norton mint, KM3. Very seldom encountered as a specimen striking, this elite gem boasts an intense deep-white luster to the satin surfaces, crisply-struck and intensely appealing. Ex. Kings Norton Mint Collection and ***Extremely RARE!***
