 Running
 Travelling
 Gymming

Supreme Sound : Experience attacking bass, crisp vocals and precision highs, so you can hear your music with the highest quality possible.

Long-lasting Battery : Enjoy the comfort and sound of your Bluetooth wireless earbuds for a full 8-10 hours, without having to worry about recharging. Carefree listening is yours wherever you choose to take your soundtrack. Plus, the battery fully recharges in just 2.5 hours

No Fall Magnets : The earbuds are metallic with premium and durable magnets and the earbuds can be together attached when not in use. This prevents accidental falling and pauses music when earbuds attached magnetically. Start from where you left

Light Weight & Flexible : Unlike other bulky products which also get stiff wires, this lightweight almost invisible collar headphone is made of mouldable plastic that gently hugs your neck, and can be removed easily entirely if you prefer.

In-line Mic & Volume Control : Take calls and enjoy your playlists with the easily located microphone and remote just under the left earbud. Use the plus and minus buttons to adjust volume or switch up music tracks. Press the middle button to answer/end calls or play/pause music

Efficient & Fast Wireless Operation

TECH SPECS	Model	Harmonics One
	Product Code	POR 1119, POR 1143, POR 1144
	Color	Black, Orange, Green
