

# KONNECT L

## Type-C To 8 Pin USB PD Cable

**1.2 M Long Durable Cable :** The Konnect L is about 1.2 M long and this feature allows for maximum convenience of the user. Not only is the cable length ample it also is durably built which ensures that no matter how roughly its handled no harm is done to it!

**20 W PD Quick Charge (For 8 Pin USB) :** The Konnect L cable for 8 pin USB is an efficient cable for Apple smartphones charging and is as powerful as its Apple counterparts. You can plug in your Apple smartphone for lightning speed charging!

**TPE & Nylon Braided Cord :** The cable has been designed for optimal results and keeping this in mind it has been built with TPE and has further been nylon braided to ensure longevity and safe upkeep.

**Tangle Resistant :** Isn't it frustrating when we are in a hurry to charge our devices, and while pulling out the charger find it all entangled up? This is why we came up with this feature that will not only make charging hassle free but also ensure the cable's longevity.

**Fast Data Sync :** Sync data from two devices with accuracy and ultra speed. The cable allows zero glitches and ensures distortion free exchange of data. You can use the cable to transfer large amounts of data continuously from one device to another!
