

POWER 10

PD Power Bank With Wireless Charging

10W Wireless Charging: Charge your smartphones, smartly enough! Yes, you read it right, now charging has become just as smart as your smartphone! With a charging output of 10W and what's important to know that it is wireless!

18W Type-C PD Output: The fastest way to charge your smartphone or tablet would be to charge them through USB ports and herein you have the advantage in its supreme form as the 18W PD output acts as a catalyst for charging.

Dual USB Output: You can multitask now without even worrying about them charging out unevenly. The dual USB ports ensure that both the connected devices are charged simultaneously and just as efficiently.

Type C Input: Type C input paves the way for more powerful charging and can allow the charging of a laptop too! Besides, it is energy efficient and ensures that the charging process is seamless and long lasting!

Lightweight: The Power 10 power bank is very light weight despite it carrying a 10000mAh battery inside it. The power bank has been built to last and owing to its lightweight build is perfect for portability!

LED Digital Display: The entire power bank has a LED digital display that allows for a seamless charging experience besides the power bank showcases all the details thoroughly and precisely on the screen!

Note: If your device does not support Qi-Standards, you need to buy additional wireless receiver to use Power 10.

Compatible with: iPhone 11/12/13, Samsung Galaxy Z Fold 2, S20 FE, S6 Edge and other Qi enables devices.

TECHNICAL SPECIFICATIONS :

Model	: Power 10
Product Code	: POR 1210
Capacity	: 10000mAh 3.7V (37Wh)
Input (Type C)	: DC 5V/3A, 9V/2A, 12V/1.5A
Output (USB 1/2)	: DC 5V/3A, 9V/2A, 12V/1.5A
Output (Type C)	: DC 5V/3A, 9V/2A, 12V/1.5A
Wireless Output	: 10W (Max)
