Head protection

## **Highlights:**

---

ECE group 0+ (to 13 kg body weight)  
energy absorbing foam in the head and shoulder area (patented)  
light-weight infant car seat  
suitable from birth  
additional head protection provides optimum security

## **Productimages:**

---

Zero Plus 0+ has been approved for babies from birth up to a weight of 13kg, in accordance with ECE 44/04. It features patented, energy-absorbing foam in the head and shoulder area that achieved the best results in crash tests.

You can safely and securely transport your baby in this car seat from birth. The padded, 3-point belt offers the highest level of safety for your child. The head padding supports your baby's head and can be removed for washing at any time. With its low weight of just 3kg, Zero Plus 0+ is comfortable to carry even with your child.

Combine Zero Plus 0+ with our Freerider and Viper SLX models to transform it into a practical Shop'n Drive system.
