

The Tree of Leaves Print in Rust Red Fox

Superfolk

An original design by Superfolk. Designed and made by Superfolk in the west of Ireland. This is a handmade print, printed on handmade washi (Japanese paper). Strong, bold colours and shapes sit atop a delicate, partially translucent paper. The print is from a hand-cut lino block. Blocks are inked up by hand and lead to a unique colour variation in each print. Each print block is hand-printed onto a 34gsm long-fibred handmade Japanese washi paper from Awagami Factory in Tokushima, Japan, where they have been making washi papers for eight generations.

Specifications

Materials

Water-based inks on a 34 gsm handmade Japanese washi paper with a deckled edge.
