

Large Bag Stamps

Size:

We have a wide range of sizes that can be viewed on our website under 'Non-Self Inking Stamps'. There is a printable size chart available under 'Samples and Size Charts' on our website.

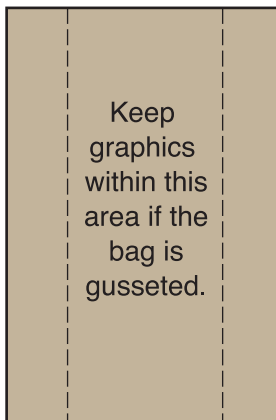

We advise not to go over 12cm in size for ease of stamping. The larger the stamp, the more time and effort will be required to ink it up and stamp the image clearly.

Large ink pads are available, with a stamping area of 80 x 135mm. This sized ink pad is also capable of inking up stamps larger than 80 x 135mm.

Bags:

Standard ink is suitable to stamp onto matte paper and card.

If the bag has gusseted sides (fold in sides), it is advisable to make the stamp fit between the two ridges (uneven surface not suitable to stamp onto) or place a piece of card inside each bag before stamping.

Ordering:

Custom stamps take 1-2 working days to make.

They can be ordered on our website under 'Non Self Inking Stamps'

Other Ways to order:

Email us directly with your requirements or print out an order form (see our 'Contact' page)

Please feel free to phone us for any questions or guidance.
