

Professional Discount Program

TheraBulb is the leading manufacturer of incandescent bulbs with concentrated healing wavelength output. We offer a range of near infrared bulbs that are certified RoHS toxin-free with output and intensity verified by an independent, ISO 17025-certified lab.

TheraBulb has created the only bulb that offers all of these assurances and is the brand trusted by those in the healing arts. We offer discounted pricing to professionals who use our products in their practices. With these discounts you can save as much as 40% on the highest Amazon.com price.

For pricing and other details, contact us at support@therabulb.com.
