

1. Place filter in Beehouse
2. Pre-rinse filter
3. Weight out 32 g of whole bean Klatch Coffee

4. Grind size should be similar to ground salt (medium)
5. Add ground coffee to filter

6. Saturate all coffee grounds with 40 ml water, let sit for 30 seconds

7. Pour slow in spiral motion from center. Keep water level 1 inch above coffee bed

8. Continue until you reach 420 ml

9. Aim for a brew time of 2 min. 45 sec.

If it runs faster, adjust the grind finer.
If it runs slower, make the grind coarser.

10. Enjoy!
