SPRING/SUMMER 2023

Welcome to our universe of stationery.

We are a Danish stationery brand but our outlook is international. Our paper goods are now available in more than 600 shops worldwide. We want to inspire people to make space in their lives for analogue breaks. We believe that it is time to find a better balance between online and offline. We provide high quality paper goods that inspire people to take time out of their fast-paced digitalized everyday lives and feel the power of being present with pen and paper.

Enjoy our collection that includes notebooks, planners, notepads, greeting cards, stickers, prints and accessories!

Take your time.

TRAVEL JOURNAL

The Travel Journal holds room for eight trips and covers everything from planning, experiencing and reflecting on your trip.

MEMORIES JOURNAL

The Memories Journal lets you write down and illustrate all of the moments you cherish most and want to hold on to for years to come.

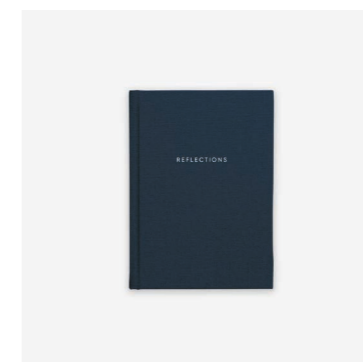

GOALS JOURNAL

The Goals Journal lets you explore, track, and reflect upon your personal goals. This is a place to map out a plan to help you turn ideas into actions.

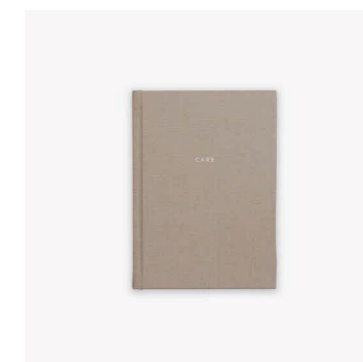

GRATITUDE JOURNAL

The Gratitude Journal only needs 5 minutes of your day. Pay attention of what is good in your life. Reflect and write it down.

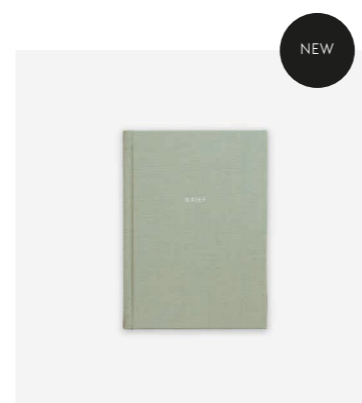

REFLECTIONS JOURNAL

The Reflections journal works almost as a guided diary and each day asks you 1-2 questions to reflect upon.

CARE JOURNAL

The Care Journal is a place to easily check in with yourself daily. It provides space to explore and reflect upon your thoughts and feelings for the day.

GRIEF JOURNAL

The Grief Journal provides a place to make sense of your thoughts and emotions with the help of guided prompts, pages for your own notes, and space for written and visual memories.

MEET JULIE, THE FOUNDER

My name is Julie Warberg and I am the founder of Kartotek Copenhagen. I live in Copenhagen with my husband and two daughters.

When I started Kartotek Copenhagen back in 2016 I had a clear vision: to slow the pace of everyday life with well-designed and high quality paper goods. I wanted to create everyday design items that invite people into a quiet and calm setting. I truly believe that more than ever before we need to take breaks from our fast-paced hyper-digitalized lives. We need to find a balance between offline and online time and to make conscious decisions about how we spend our time.

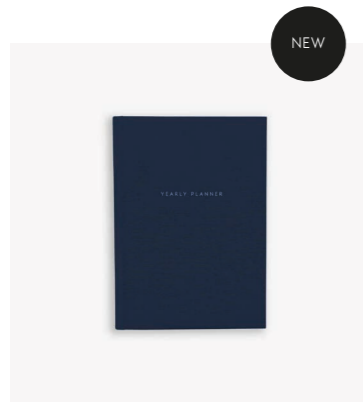

As a psychologist I am deeply convinced that writing a note or scribbling down an idea does something good to us; that pen and paper create a certain space, where we feel more at peace with ourselves and with people around us. My dream is to bring more of those free spaces to life.

I wish to inspire you to make space in your life for valuable moments, creativity and fun.

Love Julie

THE ORIGIN OF OUR NAME

The name KARTOTEK came to me when I saw a documentary about the functionalist gem Nyborg Library (situated on Funen, Denmark). The library is a stunning architectural masterpiece built by architects Flemming Lassen and Erik Møller in 1938-40. The font that was designed for the library was beautiful and simple and when I saw a sign with KARTOTEK written on it I found the word appealing and just right for my brand name.

"Kartotek" is the Danish word for a card-index or card file system or furniture – used in libraries and lots of other places to keep track of users, files etc.

OUR STORY

Kartotek Copenhagen is a Danish stationery and design accessories brand. We design for the small everyday moments where we are at peace with ourselves or share time with those we care for. We search for ways to slow the pace of everyday life and make these small moments feel special.

One of the sentences you would hear most often in our design process is "could we make it more simple?" Our vision is to create a Danish design brand that reflects the Scandinavian simplicity with a modern and yet classical graphic touch; and to combine this with high quality materials and good craftsmanship.

We care about you when we carefully select the best Scandinavian paper qualities and the friendliest production methods.
