### FORD CAPRI MK1, MK2 AND MK3

classic car interior trim

#### **Carpets**

Our long awaited Capri carpet sets are finally here! We developed the Moulded carpet to fit exactly the contours of your floorplan, made exclusively in the UK in our Suffolk factory from three types of carpet. The options are a tufted carpet, a loop pile carpet or our modern needle punch nylon carpet which is available in various colours, its moulded shape makes the fitting simple.

We supply fitting instructions for ease of fitting. The sound deadening kit is included with the carpet set which allows for the best finish and fit. This is also available separately if needed.

Tufted Pile carpet only in grey. (2 piece only)
