Carpets

We think our VW Karmann carpet sets are the best in the world. We replicate exactly what VW did in manufacturing your carpets. We have had special tooling developed to create the correct VW style gear lever/hand brake/air vent grommets, front pedal mats, and heel mats to enhance the quality of our sets. These sets are available in the original square weave, narrow weave or nylon carpet. We handcraft each set so please take note of our important questions below when ordering! We also offer 5 pages of fitting instructions to help with the installation of the carpets!
