Why Buy Newton?

With over 40 years of experience, Newton Commercial are world leaders in interior trim, producing high quality products for all your interior upholstery needs. Our expertise and commitment to quality manufacturing is highlighted by our British Motor Heritage approval and we are the only trimmers in the world with this unique quality status. Using our expertise and knowledge in the classic car industry, we have developed a complete range of products for the TR range and have been supplying industry leaders within the British classic car sector for a number of years.

They choose us because of our ability to provide high quality original styled interior trim handcrafted by our team of skilled professionals across our three sites in Suffolk, highlighting British manufacturing at its best. We have sourced original materials, correct to the original colour and grain of those used from the factory, perfect for those who are looking to reupholster their TR to its original glory. Our materials are sourced within the UK, and we pride ourselves on sourcing high quality automotive grade vinyl, leathers and carpet as close as possible to the original materials used in first production. Using original trim, we have researched and developed products that are produced as they were originally. Our panels are made using the correct thickness board, cut to the correct size and shape in our onsite Suffolk factory using precision tooling to produce the same high quality every time. Using our high frequency welding machine, we can create interior trim exactly as the original Triumph vehicles to the high quality you expect of British classics. For those who are looking for the complete interior package, we have our range of Suffolk reclining seats designed to be sympathetic to the original styling of the Triumph interiors.

Our aftermarket sales care is second to none and we provide a standard six month returns policy on all products returned in their original state. With our expertise and knowledge, we are able to offer technical help for all your purchasing and fitting needs. This catalogue will help you explore the TR4-6 range, but our sales team are always on hand for more specific advice, quotations, and free material samples. For products that don't fit your high expectations, our customer service team can help with any issues you may have, using our years of experience in interior trim from development to production.

MAZDA MX5

Seat covers

Made from high quality premium leather our seat covers replicate the style and design you would have had originally. These are hand crafted in our Suffolk based factory where you can choose from a vast range of colours to either match your original or change the colour scheme entirely. Matched with our other interior parts you will not find a more comprehensive selection on the market.

MAZDA MX5

Carpets

These beautiful kits are made in an original Loop style carpet or modern needle punch nylon, the kit contains a pair of moulded footwell carpets, a bulkhead mat with bound cloth edges and finally the rear moulded carpet that sits on the rear parcel area. All necessary holes are cut out in the footwell mats so that the centre console and seats etc can be refitted easily. The rear cockpit carpet has durable dot bases fitted to accept the tonneau cover when fitted. Full pictorial fitting instructions included.

The left hand drive footwell carpet has an extra heel pad on the side of the carpet. This is because the accelerator pedal is quite close to the gearbox tunnel and this pad stops your right hand foot from scuffing the tunnel carpet.

Loop Pile carpet is only available in black (above)

Windstop kits and Jack Handles

We have developed our MX5 windstop with several points in mind. Firstly, the ease of fitting by any customer. Its effectiveness of stopping the wind when at speed and lastly the ease of removal and storage.

VT8040 1989-97 1.6 & 1.8 LITRE

Made in stainless steel and is a great replacement for your original black jack handle. This really does the boot area that extra piece of class!
