Carpets

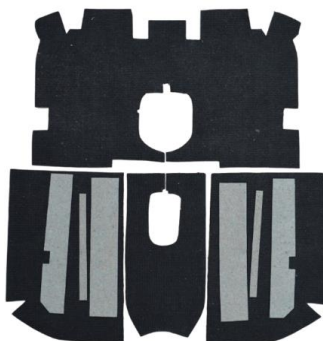

Our long awaited Peugeot carpet sets are finally here! We developed the Moulded carpet to fit exactly the contours of your floorplan, made exclusively in the UK in our Suffolk factory from our modern needle punch nylon carpet which is available in various colours, its moulded shape makes the fitting simple.

We supply fitting instructions for ease of fitting. The sound deadening kit is included with the carpet set which allows for the best finish and fit. This is also available separately if needed.
