T5 & T6

Why Buy Newton?

With over 40 years of experience, Newton Commercial are world leaders in interior trim, producing high quality products for all your upholstery needs. Our expertise and commitment to quality are highlighted by our British Motor Heritage approval and we are the only trimmers in the world with this unique quality status. Using our years of experience and knowledge in the automotive interior industry, we have developed a range of products for the T5, T6 & T6.1 which complement our range of Volkswagen products that we have developed over the years.

Customers choose us because of our ability to provide high quality interior trim handcrafted by our team of skilled professionals across our three sites in Suffolk, highlighting British manufacturing at its finest. All our materials are sourced within the UK, and we pride ourselves on sourcing high quality automotive grade vinyl and carpet to compliment your Transporter upgrade or conversion.

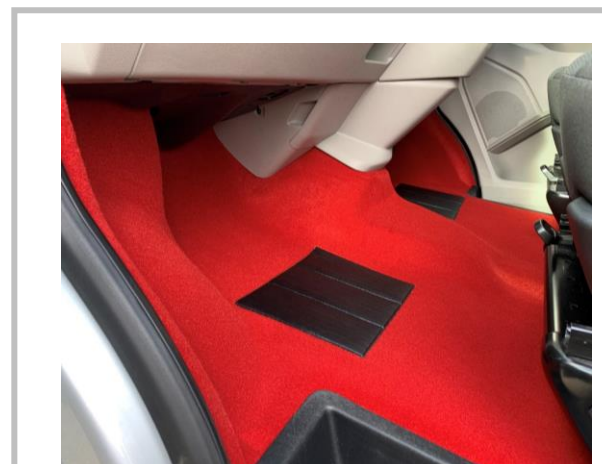

All our products are available to ship worldwide at competitive rates. Our excellent aftermarket sales care comes as standard, as does the 6 month returns policy on all products returned in their original state. With our expertise and knowledge, we can offer technical help for all your purchasing and fitting needs. This catalogue will help you explore our Transporter range, but our sales team is always on hand for more specific help, quotations, and free material samples.

Carpet Sets

Our preformed moulded cab carpets fit the contours of your cab floor and are made exclusively in the UK in our Suffolk factory from modern needle punch nylon carpet which is available in various colours. Its moulded shape makes the installation simple, fitting straight over the original rubber floor mat, with full fitting instructions supplied.

	NYLON CARPET (RHD ONLY)
CK7384	T5 & T6
CK7386	T6.1
OVERMATS	
CK7385	T5, T6 & T6.1 (BLACK AND GREY ONLY)

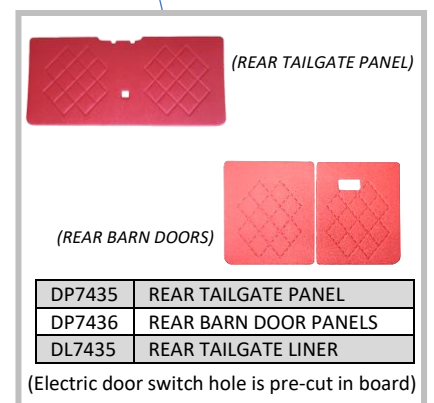

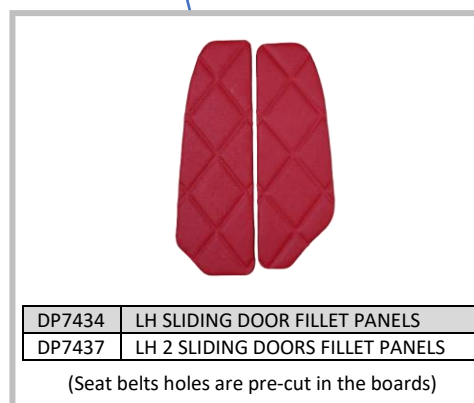

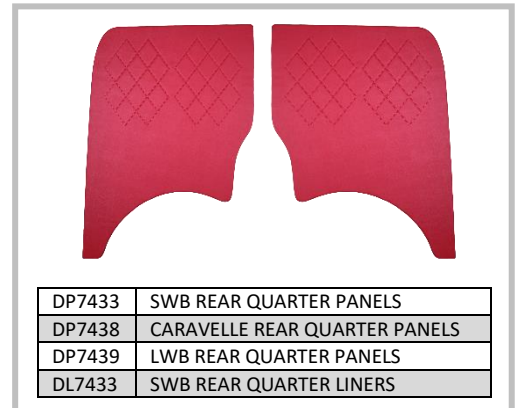

Panels

Our range of elegantly designed diamond embossed panels are the perfect addition to your Transporter upgrade or conversion, complimenting the many leather seat cover upgrades that are available in the marketplace. Available in a range of colours, these diamond embossed panels are available to suit a range of models from Kombi to Caravelle and made from automotive grade vinyl, foam and hardboard. Panels come complete with "hidden" fitting clips, upgrading the original interior panels that VW offer which are fitted with visible clips.
(Panels only for T5 and T6)
