A TOUCH OF ITALY

Studio
MILANO

*Singular in artistry and quality,
this collection exemplifies
italian design and craftsmanship.*

The Studio Milano collection introduces five new contemporary designs with impressive shapes and contours. These families are designed and manufactured in Italy, known for being the foremost in design and fashion leadership.

Each has finishes that bring out the uniqueness in the piece. In addition to Polished Chrome and Satin Nickel – contemporary classics – there is also a rich Pewter, 14k Gold Plated, and a Titanium Bronze powder coat on select families.

Take a tour through these designs and bring a touch of Italy back to your home.
