

Dear Tudo Customers,

We first wanted to thank you for your support over the years. It has been an amazing journey and we are proud to have been able to provide healthy, all-natural meal replacements to people all around the world.

We have unfortunately hit some roadblocks over the last 6 months with some issues surrounding production, the team, suppliers and tariffs. To keep up with demand, and due to a lack of resources, we have been forced to spend almost all our time on the production side of the business.

This is why we have decided to shut down production so that we can reflect on the future of the company. We have a lot to figure out if we want to see Tudo grow in a sustainable way.

Thank you again for your continued support over the years or if you only made a single purchase. We appreciate everyone who took a chance on a small start-up from Atlantic Canada. We hope to some day come back to Tudo but for now there is no set timeline for a return. If you have any questions, please do not hesitate to reach out ([info@tudoyou.com](mailto:info@tudoyou.com)).

Cheers,

Marc Gauvin, Co-Founder
