D700 SOFT SERVE MACHINE

The D700 is the perfect entry level commercial soft serve machine for self-serve dessert concepts. The D700 is the only commercial grade high volume machine available that operates off of a standard 115 volt 20 amp power supply. The D700 produces up to 27 quarts an hour of smooth creamy product while using substantially less energy than the competition.

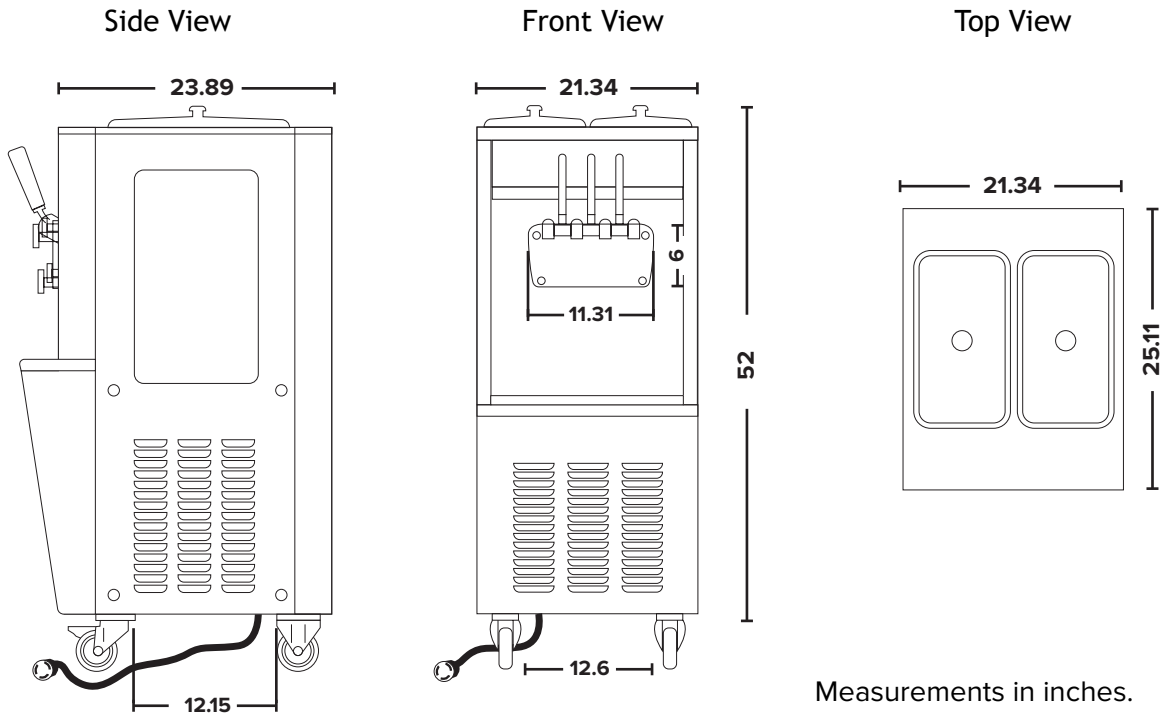

Features

- Self contained air cooled floor model
- Two flavor with twist
- Serves frozen yogurt, sorbet, custard, soft serve ice cream, and gelato
- Fast 10-13 typical time to first dispense frozen product
- Automatic consistency control for easy operation
- Standby mode maintains fresh product overnight and reduces daily product drain and cleans.
- Refrigerated hoppers maintain fresh product overnight or during slow sales periods
- All stainless steel construction for easy cleaning and durability
