

WMF 5000 S+

EASY MILK SYSTEM

WMF 5000 S+

Easy Milk System

The WMF 5000 S+ represents a feat of modern engineering and supreme design with the power and agility to accommodate customers in high-capacity, fast-paced venues. Ideal for environments with an average daily requirement of 200 cups per day, this machine makes premium coffee, fast. All this is made possible by the machine's robust design, high-grade components and cutting-edge features.

FEATURES

EASY MILK SYSTEM

WMF's Easy Milk System will enable you to tap into the market for cold milk-mixed beverages as well as hot coffee specialties. The Easy Milk system automatically dispenses cold milk as well as hot milk or hot milk foam.

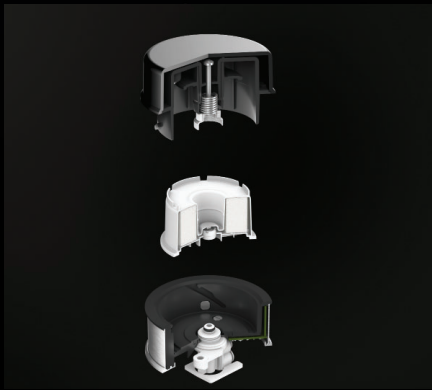

EASY CLEAN

The Easy Clean system uses a special cleaning container and soluble cleaning tablets to clean the milk and coffee system. Operators can pre-set time of day or set reminders to begin the cleaning procedure.

DYNAMIC COFFEE ASSIST

Dynamic Coffee Assist guarantees quality and consistency. It continuously monitors the brewing flow, making automatic adjustments to the grinding degree or to the coffee quantity as necessary.

FRESH FILTERED COFFEE

With WMF's innovative Fresh Filtered Coffee option, you can serve both filtered coffee and a wide range of coffee specialties from a single machine. This offer maximum variety from a single machine.

CONTACTLESS ORDERING

The WMF SmartRemote solution allows guests to order from a mobile device. Users simply scan the QR code on the coffee machine's display and easily place their beverage order through their mobile device.

19G HEAVY-DUTY BREWER

The heavy-duty, stainless steel brewer is made with hardwearing components and features a 19g capacity and fine sieve, permitting larger brewing batches and precise coffee flavor extraction.

FOOTPRINT

TECHNICAL DATA

Recommended daily output*	200 cups
Coffee bean hoppers	Right and left approx. 2.43 lbs [1100 g], central approx. 1.54 lbs [700 g]
Choc or topping hopper	Approx. 4.40 lbs [2000 g]
External dimensions (width / height / depth)	12.8" x 32.2" x 23.2" [325 / 818 / 590 mm]
Power supply	220 v / 30 amps
Water supply	Fixed water supply (3/8" connection)
User interface	10" Touch display
Clearance	8" [200 mm]
Certifications	NSF/ANSI 4 and UL 197 Listed By

* Output is determined using a machine with constant water supply and is dependent on cup size, quality settings, spout, model and nominal power rating. The recommended maximum daily capacity is based on our catalogued service concept. However, these average values serve merely as a guideline. Let our trained WMF team match the ideal coffee machine design to your specific needs.
