Important Safety Information

- *Please read all instructions carefully before assembling this furniture.*
- *For your safety, assembly by two or more adults is strongly recommended.*
- *Use only vendor-supplied hardware to assemble this item. Using unauthorized hardware could jeopardize the structural integrity of the item.*
- *Hardware may loosen overtime. Periodically check that all connections are tight.*

Before Assembly

- *Remove all parts and hardware from the box. Place all items on a carpeted or scratch-free work surface, as this will avoid damaging parts during assembly.*
- *The shipping box provides an ideal work surface.*
- *To avoid accidentally discarding small parts or hardware, do not dispose of any packaging or contents of the shipping carton until assembly is complete.*
- *Use the parts and hardware lists below to identify and separate each of the pieces included.*
- *The use of power tools for assembly is not recommended. Power tools can damage the hardware. **Note:** Do not fully tighten all bolts until all parts are in place. Failure to follow these instructions may cause the bolts to misalign during assembly.*

Care and Cleaning

- *Dust often and use a vacuum cleaner crevice tool to clean cushion. To maintain the appearance, gently clean soiled areas with a soft cloth dampened with a mild, water based detergent. Remove all lather and wipe with a clean damp cloth. Dry with another soft cloth by blotting the damp surface (do not rub).*
- *Do not place furniture in direct sunlight and keep furniture at least 60 cm / 2 ft from heat sources to avoid fading.*

WARNING: This product can expose you to chemicals including Antimony Trioxide, which is known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Tools Needed for Assembly

(2) M8 and (1) M6 Hex Wrenches Included

Steps 1-5 Build Stand

- 1.) Place A (Circular Base) on a level surface with the non-skid feet resting on the floor surface.
- 2.) Connect B (Vertical Height Pole) to A (Circular Base) using one E (Round Hex Nut & Bolt) and two F (Lock Washers). Tighten hardware.
- 3.) Insert C (Curved Top Section) of stand to B (Vertical Height Pole) using the remaining E (Round Hex Nut & Bolt) and two F (Lock Washers). Tighten hardware.
- 4.) Drop D (Hanging Pin) through the end of C (Curved Top Section). The cap of the pin should be on top.
- 5.) Insert one end of (H) Carabiner through the hole punched in the lower end of D (Hanging Pin).

Steps 6-7 Connect Stand and Swoon Pod:

- 6.) Slide the circular hanger at the top of the pod frame to the open end of the H (Carabiner). Make sure Pod opening for entering/exiting seating is facing outward away from the stand.
- 7.) Place J (Cushion) in Cozy Hanging Pod.

Steps 8-10 Attach Motion Resistant Bungee Strap

8. Connect one Carabiner on K (Bungee Cord) to the horizontal rib running around the frame of the Pod.
- 9.) Bring K (Bungee Cord) around B (Vertical Height Pole) and return the other end to the same horizontal rib of Pod to secure other Carabiner. Confirm both Carabiners on K (Bungee Cord) are closed.
- 10.) Lastly, tighten both G (Set Screws) with the smaller M6 (L) (Hex Wrench).
