

LIMB SAVER SLEEVE

(1) 3 ft. Limb Saver Sleeve

LIMB SAVER SLEEVE

- 3 ft. 100% non-stretch polyester webbing that is resistant to abrasion and water
- Weather-resistant and UV-resistant to prevent sunlight decay
- 2 in. dual-sided construction allows for a non-slip position once set
- Reduces abrasion and damage to trees commonly caused by rope, strap or cord
- *Constructed ONLY for static loading / Not suitable for dynamic or shock loading
- **NOT designed for twisting / Twisting of tree strap can cause excessive wear/fraying and can lead to tearing

INSTALLATION

- To install, feed tree strap, rope or cord through sleeve and pull to straighten.
- Wrap tree strap, rope or cord with limb saver sleeve around an identifiably safe tree, beam or play structure. Make sure the limb saver sleeve is positioned to make direct contact with the limb or object surface.

SAFER. BETTER. **STRONGER.**
