## DIAGNOSTIC SERVICE / REBUILDS

We offer a range of diagnostic services and repairs for batteries and all battery components, including:

- Battery Cell Strength Capacity Testing
- BMS Testing & Replacement
- Battery Cell Rejuvenation / Rebalancing
- Charge Port Replacement
- Lock and Key Replacement

Our team of certified Battery Technicians can restore your customers' used battery to factory specs or upgraded range with higher quality cells for a longer lifespan at an affordable price in just 4 easy steps:

- Fill out the Battery Service Intake Form
- Ship us the battery to rebuild with the charger
- Pay for the service
- Receive your battery back, good as new!

We rebuild batteries for all electric bike brands and service the entire United States.
