

Kindergarten Art Atelier

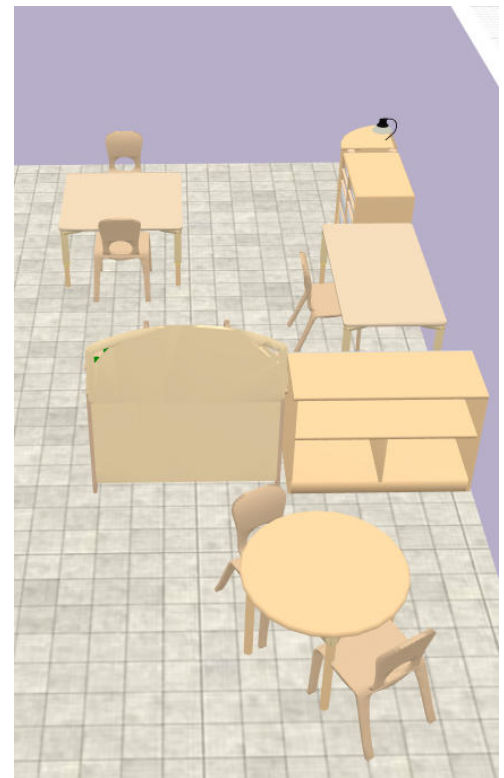

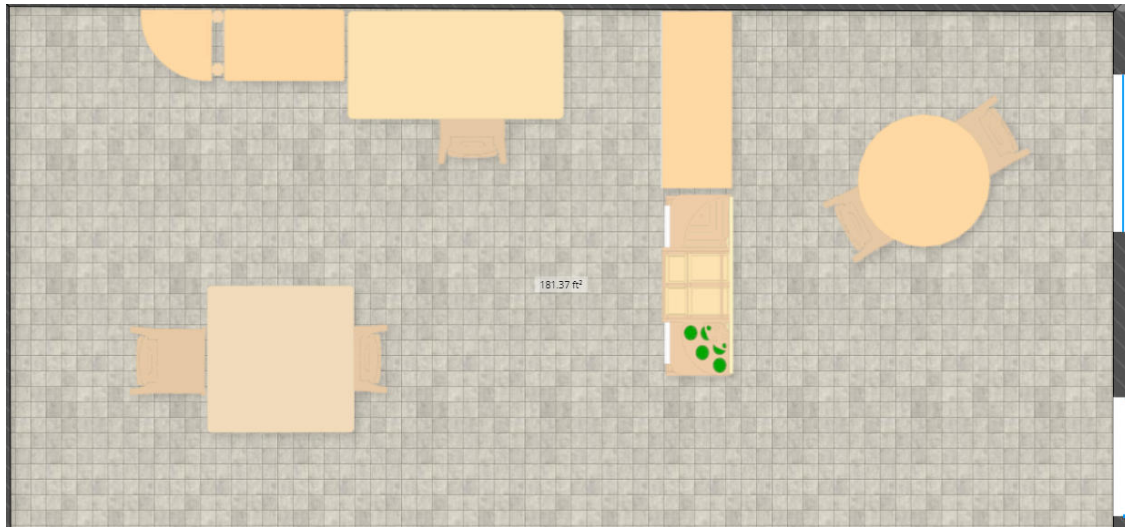

Art areas are a favourite for children of all ages. And as they mature, young students can engage in self-regulated, focused work over longer periods. With the **basket totes**, this learning area elects for a natural look without compromising practicality. The unique purpose made label protectors help children keep materials organized and tidying quick and easy.

A **Translucent Fixed Shelf** allows for more light into the atelier and to the materials stored on the opposite side, for a light and airy feel in a tight space.

The **Creative Unit's** (in plan but not in photo) detachable **Corners** with plastic cups -- pictured here is the **Tool Corner** -- make it easy to bring out brushes, scissors, crayons etc. as needed.

This **Woodcrest chair** is comfortable for extended periods but is also stackable -- easy to pull out for cooperative play. **MultiTable** legs are quick adjustable without tools. The table is stackable too. Or unscrew the leg to snap and store in the underside for longer storage.
