Roomscapes

Mandated outdoor learning? Outlast blocks and classroom furnishings enable STEM, creative arts, and even literacy learning outdoors.

All Outlast outdoor classroom furnishings and blocks are:

- Carefully constructed with smooth surfaces for writing and drawing.
- Rain, shine, freeze, or thaw, Outlast is designed to never split, warp, or rot.
- Lifetime warrantied. Made of toxin free acetylated wood. The only manufacturing biproducts are vinegar and water.

Outlast Classic Set

077-W335

\$8,699.00

With interlocking knobs and proportional design, Outlast blocks, planks and ramps build structures sturdy enough for climbing.

Students engage in design thinking and cooperative learning, while engaging gross motor muscles.

Built for a lifetime of STEM creativity:

1. Edges with no exposed end grain to split or splinter.
2. UV resistant rubber corners and stainless steel hardware.
3. Weatherproof no matter what your climate.

Outlast Junior Set

077-W310 \$5,499.00

Build your Outlast Block collection over time. All blocks can also be purchased individually.

Outlast Outdoor Shed

- Waterproof: Wooden shingle roof keeps everything inside dry.
- Child-friendly: Pinch-point-free hinge and no sharp corners.
- Convenient Shelf keeps basic supplies close at hand.
- Clips keep doors from swinging during play.
- Latch complies with toy chest standards and locks with a long padlock.
- Spacers between floor slats allow sand to drop out and provide ventilation. Hose it out and the water drains.
- Wide footprint for stability.
- Ships fully assembled.

Outlast Shed Big Set

Includes Shed, Wheelbarrow, 3 Crates and Classic Block Set.

MultiTables are a flexible teaching tool –

lightweight, stackable yet durable, ready to adapt to different tasks and changing classroom needs. Choose tool free height-adjustable legs for accessibility, and switching from stand-up to sit-down work in seconds.

Save floor space by stacking MultiTables in a fan pattern.

To adjust table height, just push the gold ring down and slide the legs in and out like a telescope.

Easy to clean surface is laminated on both sides with heat sealed edges to prevent warping.

For more compact storage, MultiTable legs unscrew and clip into the bottom.

Table legs are positioned at the edge for maximum stability and wheelchair accessibility. Price includes legs.

When ordering choose from fixed-length Rock Maple, or Adjustable legs, included in the table price. Screw-in for easy assembly, legs can also be purchased separately to adapt to changing needs.

Classroom Tables

Woodcrest Chairs

The strongest and most ergonomic chair for kindergarten and early years. Easy to clean, graceful, one piece design is ultra-stable and scaled so children can sit with feet flat on the floor.

Patented, one-piece multi-ply laminated maple construction is protected with child-safe clear finish.

Comfort Shaped

Backrest "circle" eliminates pressure on the lower spine while delivering support where it counts.

Good Posture

The wide seat and ergonomic waterfall design supports good posture and circulation.

Stable Seating

Wide stance is sturdy and tip resistant; durable tips avoid slips, reduce noise and prevent floor marks.

Stackable

Lightweight, they're easily stackable by students.

Rigamajig inspires group STEM problem solving.

Students think three dimensionally, building life-size machines and structures. An extremely versatile building system, Rigamajig is ideal for clubs and after school programs, as well as classrooms from pre-K to gr. 8. Wooden planks, wheels, pulleys, nuts, bolts and rope brings curricular strands to life:

- the physics of simple machines
- geometry in 3D
- cooperative project management

Working with Rigamajig, children often say “this isn't a toy, this is real!” Get free Project Plans and play prompts on www.rigamajig.com. Rigamajig was designed by Cas Holman, Heroes Will Rise. Age 3+.

Rigamajig

Rigamajig Basic Builder Kit *(Special Order Only)*

Ideal for classrooms, children's museums, and public libraries, the solid wood 2cm ($\frac{3}{4}$ ") thick planks range from 30-110cm (12-44") in length. Children often say "this isn't a toy, this is real!" as they build machines and structures larger than themselves.

091-003

\$7,099.00

Simple Machines Add-On Kit *(Special Order Only)*

Digi-Blocks are a proven, teacher-tested, hands-on base 10 block learning system for K to Gr. 5+.

Compose and decompose values, the self-correcting "smart box" only closes when there are 10 blocks inside, eliminating recounting or trading. Digi-Blocks instill a profound understanding of number sense fast, elegantly modeling all four arithmetic operations. Digi-Block grows with your students building on previous learning while modeling increasingly sophisticated mathematical topics: place-value, factoring, division, decimals and more.

Digi-Block Counter

Inclined place value board – hundreds, tens, ones with self-correcting ejector that allows up to 9 blocks in each place. Plus dry-erase surface, pen and digit display dials.

238-00471	2-Place counter, 6-pack	\$219.99
238-5437	3-place counter - single	\$164.99

Place Value Mat

Laminated mats, sturdy flip cards for Digi-Blocks or other manipulatives.

238-0499	Place Value Mat with Digit Cards - set of 6	\$239.99
238-0382	Decimal Place Value Mat - set of 12	\$269.99

Number Lines

Rubberized surface practically sticks Digiblocks with end tabs preventing them from falling off. One face with 0-30 (or 0-50), with hash marks on reverse for subitizing.

238-0487	0 to 30 - set of 6	\$159.99
238-0488	0 to 50 - set of 6	\$159.99

Power blocks: Coloured for additional differentiation of value.

Classic: Opaque blocks, uniform colour.

Digi-Blocks Block-of-1000

Includes 1,000 x 1 blocks, 100 x 10 holders, 10 x 100 holders, 1 x 1,000 holder.

238-0122C	Power	\$629.99
238-5180	Classic	\$629.99

238-0091C	Clear Holder - Power	\$79.99

Digi-Blocks Decimal Blocks

Prompts students to naturally extend whole number concepts into decimals. The decimal blocks kit includes 100 tenths and 100 hundredths blocks.

238-0350	\$69.99
----------	---------

Digi-Blocks

Newmero has so many different ways to decompose abstract decimal numbers concretely with powerful tactile reinforcement. Engraved numbers, notches for values and a unique connector knob system for building multi-digit numbers as tiles are stacked vertically. Order the numbers to understand value. Self-correcting jigsaw edges connect same-colour bricks horizontally if their sum equals 10. Endless self-directed and instructional learning opportunities for individual students or in group work.

Newmero Math Bricks

Each pack includes a 40-page manual full of fun exercises, with reproducible bingo cards printed with real-size brick outlines, and a cotton storage bag. Age 3+.

339-34809	Classroom Set	\$269.99
339-34817	Starter Set	\$69.99

Newmero

Connecting Cuisenaire Rods - Classroom Set

Cuisenaire® Rods and cubes help students transition from concrete to abstract representation of math concepts. Each colour represents a different Rod length that can be assigned a different numeric value or unit of measure. Includes 444 Rods (in trays) for use with 12-18 students. 1cm - 10cm L (0.4" - 4" L). Age 4+.

103-7481		\$116.99
----------	--	----------

Connecting Number Rods

Innovative connecting number rods have a number (1-10) printed on one side and a corresponding number of dots on the reverse side. Children will love joining the rods together and they can tackle a number of different mathematical areas such as addition and subtraction and multiplication and division.

520-310-2	128 Pieces	\$209.99
520-310	64 Pieces	\$109.99

Sum-Building - Set of 50

Includes two of numbers 0-20, +, -, = and one each of x and ÷.
199-1011

\$89.99

Wooden Addition and Subtraction Dominoes

Vibrant, colour coded dominoes for addition and subtraction, enhances colour recognition and pattern skills. Made from FSC certified beech wood, contains 20 each of addition and subtraction dominoes. 9.5L x 3.5W cm (3.75 x 1.75"). Grade 2+.

520-0355

\$53.99

Wooden Fraction and Decimal Towers

Colourful, durable, wooden fraction towers for learning fractions and decimals. 2 bases promote collaborative play. 60 colour coded pieces, made from FSC certified wood. Base 27L x 6.5W cm (10.6 x 2.5"). Age 3+.

520-0357

\$116.99

Magnetic Ten-Frame Answer Boards - 104 Pieces

Features double-sided magnetic, write and wipe boards offering 10-square frame on one side and double 10 on reverse. Includes 4 boards, 100 double-sided foam magnet counters (red and yellow) and activity guide. Boards measure 18L x 16H cm (7 x 6¼"). Age 4+.

103-6645

\$62.99

Magnetic Number Blocks

Magnetic, colour-coded blocks help teach maths concepts and develop fine motor skills. 16 numbers (numbers 1-10, plus extra blocks for 1-5) and 5 concepts (1 each of addition, subtraction, multiplication, division and equals), printed on 1 side and blank on the reverse. Age 3+.

520-62

\$69.99

For budding makers and mathematicians alike, **SumBlox are an ingenious way to explore the foundations of mathematics in 3 dimensions.** Sumblox are a hands-on transition from concrete to semi-concrete mathematical thinking. Each block's size is proportional to the number value. Put a "1" block on top of another "1" block and it is the same height as the "2" block. Stack three "3's" beside a "9" and you'll notice they come up to the same level. SumBlox help with developing understanding of addition, fractions, composing and decomposing, multiplication and so much more!

Rainbow Fraction® Teaching System Kit

Lead students in fraction lessons using rainbow overheads as they manipulate colour-coded representational cubes, tiles and shapes. Comprehensive Teaching Guide shows how to get the most from manipulatives. Kit includes 11 kinds of manipulatives plus convenient storage bucket.

103-2088

\$389.99

Double-Sided Magnetic Fraction Circles

Demonstrate fractions, percentages and equivalencies on your whiteboard. Fractions on one side and percentages on reverse. Colour-coding compliments Rainbow Fraction® resources. 9 circles, measuring 19cm (7½"). Includes whole, ½, ⅓, ¼, ⅕, ⅙, ⅛, 1/10 and 1/12. Activity Guide. Magnetic white board not included. Grades 1+.

103-1616

\$54.99

Rainbow Fraction Measuring Cups

Transparent, colour-coded cups are an engaging and versatile instructional tool for measurements, volume, fractions and more. 9 Cups from 1/12 to 1 cup; activity guide; storage container. Age 3+.

350-37186

\$86.99

Fraction Tower® Cubes: Fraction Set

Set includes 51 fraction cubes.

103-2510

\$32.99

Rainbow Fraction Tiles Student Set

51 proportional plastic pieces, plastic tray 23 x 25cm (9 x 10"), teacher's guide and 2 sheets of stickers. Grades 2-6.

103-615

\$27.99

Fraction Squares

Square fraction set features 9 complete squares representing one whole, ½, ⅓, ¼, ⅕, ⅙, ⅛, 1/10 and 1/12.

088-5702

\$17.99

Fraction Circles

Set of 9 complete circles representing one whole, ½, ⅓, ¼, ⅕, ⅙, ⅛, 1/10 and 1/12.

088-5710

\$17.99

Classroom Liquid Measurement Set

Deluxe set includes everything you need to teach liquid measurement and equivalencies in metric and imperial units. Set of 17 includes 5 measuring jars, 3 liquid measurers, 5 measuring cups, and 6 measuring spoons.

103-0360

\$59.99

Number Balance

What does it take to balance the scale? This T-shaped scale with 20 weights visually demonstrates number relationships and operations such as addition, subtraction, and comparisons. Teacher's guide included. Grades Pre-K+.

080-1070

\$41.99

Pan Balance Jr.

Clear, calibrated, detachable buckets can hold up to 0.5 litre of liquids or solids. 52W x 25H cm (20½ x 10"). Grades PreK+.

103-0898

\$28.99

Student Thermometers - Set of 10

Easy-to-read thermometer shows both Fahrenheit and Celsius scales. Set of 10 with 15 cm (6") plastic backings.

103-302

\$25.99

Hexagram Weights

Includes 20x 1g, 20x 5g, 10x 10g and 4x 20g, set of 54.

103-0750

\$19.99

Colour-Coded Spring Scale - Set of 6

Set features 250g/2.5N, 500g/5N, 1kg/10N, 2kg/20N, 3kg/30N and 5kg/50N. Calibrated in both newtons and grams. Can be used with an inclined plane.

025-03960-6

\$49.99

A Classroom Geared Clock Sets

Get the whole class involved with this set of 24, 10cm (4") geared clocks and 1, 34cm (13½") demonstration clock. Hidden gears maintain correct hour and minute relationships as time-telling concepts are demonstrated.

- 103-2102 Geared Clock - set of 24 \$114.99
- 103-2202 Student Clocks - set of 6 \$28.99

B Mini Sand Timers - Sets of 3

Timers are 1, 3 and 5 minutes. Measures 9 x 2.5cm (3½" x 1").

- 540-92004 \$10.99

E Jumbo Timer

Large clear digital display, times up or down in 1 second increments. Maximum time is 99 minutes and 59 seconds. Comes with integral stand and magnet mount. Measures 10 x 10.5 x 2cm (4" x 3" x ¾"). Size of display measures 7.5 x 5cm (3" x 2"). Requires 1 AAA battery (not included).

- 540-92077 \$24.99

Time Timer Plus®

The new "Time Timer Plus" protects the signature red disk under a clear and durable lens. Simple new controls ensure ease of use for all ages. New features include volume control dial and protective glare-resistant lens, centre dial for setting the unit, new convenient size with a carry handle and advanced precision quarts movement (sold individually). 14 x 18cm (5½ x 7").

- C** 655-TTP 60 Minutes \$64.99
- D** 655-20 20 Minutes \$59.99

F Time Timer®

An innovative and visual tool to demonstrate the concept of elapsed time. Visually shows a graphic depiction of the time remaining. Available in 3 sizes for use in a classroom, at a centre, or for an individual. Features an optional alarm to signal the end of the time segment.

- 655-0002 30cm (12") \$68.99
- 655-0001 20cm (8") \$59.99
- 655-0004 8cm (3") \$52.99

**A Geometry Pack - Set of 36**

Discover a new world of shapes, design and STEAM learning. This pack introduces large equilateral triangles, right-angle triangles, quarter circles, pentagons, trapezoids, & rhombus.

122-36

\$109.99

Connetix

**B View-Thru® Geometric Solids - Set of 11**

Removable bases connect 2-D shapes to 3-D solids. Fill with liquid or dry-fill, and easy to clean. Includes large triangular pyramid, square pyramid, hemisphere, sphere, cone, pentagonal prism, small and large cube; rectangular prism, triangular prism and cylinder. 3 or 6cm (1¼ or 2½"). Activity Guide. Grades 3+.

103-4331

\$36.99

**C Large Geometric Shapes - Set of 10**

Cone, sphere, hemisphere, cube, cylinder, rectangular prism, hexagonal prism, triangular prism, square pyramid and triangular pyramid. 8cm (3") dimension.

103-0922

\$39.99

Combine
These Two
Sets!

**D Folding Geometric Shapes™ - Set of 16**

8 transparent shapes fit over 8 folding nets. 8Hcm (3"). Works with Mini Geosolids, too.

103-0921

\$62.99

**E Mini Geosolids - Set of 32**

4 sizes of 8 plastic shapes: triangular prism, cube, cone, cylinder, rectangular prism, hexagonal prism, triangular pyramid and square pyramid. 1-4cm (½-1¾"). Teaching guide. Grades K+.

103-0913

\$28.99

Student Aximo Mosaic Set

Aximo is a unique way to extend pattern play with creative expression. Patterning is critical foundational skill for coding. Excellent for whole class work, the snap-in pieces stay in place for easy storage and then return back to work. Set includes 5 plastic frames, approximately 1500 aximo rolls in 10 assorted colours, 10 double-sided pattern cards and a pattern practice book. Frames measure 14 x 16cm (5½ x 6¼").

109-345S

\$249.99

GeoMo

Develops imagination as well as abstract and logical thinking. Includes a wooden stand with 6 rows and 54 game pieces made of solid beech wood. 28L x 10W x 26H cm (11 x 4 x 10"). The game manual contains various design templates. Age 4+.

109-103580

\$209.99

Large Aximo Frame Set

This solid hardwood frame is ideal for developing logical thinking, abstract reasoning, imagination, and manipulative skills. Comes with 10 double-sided pattern cards and 150 jumbo aximo rolls in assorted colours (red, yellow, blue, green, orange, white, black and purple). Measures 39W x 10L x 42H cm (15 x 4 x 16½"). Age 2+.

109-202349

\$259.99

Geoboards are particularly useful in developing conceptual understanding of area and perimeter. However, they can be used to explore mathematics from any of the curriculum strands. When students work together using geoboards, they have opportunities to improve communication skills, share ideas, and use mathematical vocabulary. Hands-on exploration of geometric concepts including shapes, symmetry, congruency, area and perimeter, co-ordinates and special relationships. Age 4+.

Large Double-Sided Geoboard

Isometric pin arrangement with 11x11 pin square on reverse. 27cm (10½").

025-11860

\$9.99

Transparent Geoboards

Ideal for light panel 11 pin boards are 23cm (9") square. 5 Pin boards 15cm (6"). Includes 20 elastic bands.

350-B8

11x11 Pin Geoboards

\$7.99

350-B6

5x5 Pin Geoboards

\$5.99

Primary Shapes Template - Set of 5

Relational shapes help students make mental connections as they compare shapes. Provides relational examples in varying sizes and orientations. Lets students easily view their tracing lines after re-positioning the transparent template. Includes 5 durable labelled templates: Circle, triangle, rectangle, square and hexagon.

103-5440

\$14.99

Geo Mirror

A translucent, reflective, and essential tool for developing understanding of symmetry, transformations, congruence and more. 15 x 10cm (6 x 4").

025-48700-10

Set of 10

\$79.99

025-48700

Each

\$9.99

Heliflex

Using an under/over motion to insert the pegs in the loops, students assemble these six-sided, flexible hexagonal shapes to create any flat pattern. The “building sheets” can also be curved and joined to make striking 3D shapes. Set of 1,250 pieces in 12 vibrant colours with building instructions, in a sturdy storage case. Age 5+.

339-16616

\$99.99

Hold-Tight Pegs - Set of 100

These oversized stackable plastic pegs in 5 bright colours are perfect for little hands. A “shoulder” on the pegs gives a positive stop and helps children fit them snugly into the 100 Hole Hold-Tight Pegboard 43 cm (17”) square. (sold separately).

104-762	100 Pegs	\$54.99
104-875	100 Hole Pegboard	\$29.99

Rainbow Pebbles Classroom Set

Pebbles come in 6 vibrant colours with 20 activity cards. Pebbles 3-9 cm (1 1/8-3 1/2”). Age 3+.

349-13226

\$189.99

Pop Beads - 464 Pieces

Pop Beads can be used to make standard patterning rows or to reinforce colour recognition. Age 4+.

251-102

\$57.99

Pegboard - Set of 5

Set of 5 plastic baseboards and 1,000 pegs in 5 colours. 16 cm (6”).

349-39470

\$44.99

Magic Mosaic Puzzles - Set of 6 EXCLUSIVE

Stimulating, geometric puzzles in a large classroom format. Polished two tone wood isosceles triangles form endless patterns and pictures. Explore base geometric relationships and polygon shapes: square, rhombus, hexagons etc. Each set includes 6 lacquered wood frames 24 x 24cm (9½ x 9½"), 420 triangles 5 x 0.8cm (2 x ⅜"), and template sheets with 180 motifs. Age 3+.

109-102760	Black & White Puzzle	\$299.99
109-132100	Red and Yellow Puzzle	\$299.99

Shadow Construction Set

Try and reconstruct the building using only the shadow outlines as a guide. The shadow pictures are the same scale as the actual building so that the architect can quickly check the general building progress. Includes 24 wooden building blocks, 18 shadow cards, 2 rails for holding the cards and a game manual. The Extension Set includes 20 blocks with a variety of new shapes, such as cylinders or cones and 20 new cards. Age 3+.

109-192959	Shadow Construction Set	\$149.99
109-102990	Shadow Construction Extension Set	\$179.99

Mini Hollow Blocks are modular with Unit Blocks and Hollow Blocks, so all sizes can be used together

Why Community Playthings Blocks

Life time warranted hardwood; mortar and tenon joints on Hollow blocks for a lasting legacy of learning.

Hollow Blocks

Mini Hollow Blocks

Unit Blocks

Mini Unit Blocks

Precisely crafted to within 0.2 mm (1/100 of an inch): consistent construction with gently rounded edges creates satisfying building of strong and stable structures.

Mathematically modular: all 4 sizes share the same modular proportions for compatibility: the length of each is twice the width, which is twice the thickness.

Hollow Blocks by Community Playthings:

Building with large muscle exercise, easy-to grasp hollow blocks are a perfect way to introduce team work from kindergarten to junior students.

From life-size dramatic play settings to modeling landscapes, made with maple hardwood and mortar and tenon joints these hollow blocks can withstand substantial weight, knocks and drops.

077-B652	School Set - 88 Blocks (shown below)	\$6,429.00
077-B651	Half School - 44 Blocks	\$3,339.00

077-B551	Half Preschool - 26 Blocks	\$2,029.00
077-B501	Introductory Set - 17 Blocks	\$1,329.00

**Hollow Block Storage Cart**

Holds Hollow Block set up to 52 pieces.

077-A451 1,269.00

**Community Playthings Mini Hollow Blocks**

077-B410	38 Blocks - 4 Shapes (shown)	\$1,929.00
077-B405	19 Blocks - 4 Shapes	\$999.99

Hollow and Unit Blocks

Unit Blocks by Community Playthings

Precisely engineered from durable maple hardwood for solid and level builds. That precision and modular proportion makes a cart of unit blocks virtually age-neutral.

- Kindergarten students will create intricate explorations of volume, spatial sense.
- Mini unit blocks are ideal for supporting desk work in early grades in geometry, ratios and math operations.
- Older grades can plan and execute complex builds activating strategic thinking in three dimensions.

077-G464	School Set Unit Blocks - 772 Blocks	\$5,639.00
077-G462	Half School Set - 386 Blocks (shown)	\$2,969.00
077-G461	Classroom Set - 193 Blocks	\$1,539.00
077-F153	Introductory Set - 97 Blocks with cart	\$1,069.00
077-F151	Introductory Set - 97 Blocks	\$739.99
077-G475	Supplementary Set - 59 Blocks	\$629.99

Unit Block Cart

Cart holds Introductory Set of Unit 97 Blocks.

077-A60 \$429.99

Community Playthings Mini Unit Blocks

Ideal for school-age desktop learning. Mini unit blocks are precisely half the size of the regular CP unit blocks. 17 shapes in each set.

077-G482	182 Blocks	\$799.99
077-G481	91 Blocks	\$429.99

Why A School Block Cart?

- A rich block collection is as engaging to older students as it is to kindergarteners.
- From library, to after school programs, from grade 8 math to kindergarten open ended discovery.
- For discovering geometry and building spatial reasoning; exploring, shapes, volume, and engineering; and engaging creative expression – blocks add Arts for STEAM teaching.

Designed for learning, engineered for fun. With Dash and Dot, students watch their virtual coding turn into tangible learning experiences in real time. Fast and easy connection to Apple iOS and Android mobile devices, thoughtful design and approachable personality make Dash the perfect companion for both boys and girls, right out of the box -- no assembly (or experience!) necessary. Age 5+.

Dash

Award-winning Dash is a storyteller robot that can react, explore, play music, draw and more. The library of age appropriate in-app challenges guides kids of all experiences. 3 proximity sensors, dual powered wheels, gyroscopes, accelerometer, 3 microphones and speakers. Fully charged and ready go. Includes 1 USB cable. Tablet not included. Age 5+.

339-89654

\$274.99

Dash & Dot Launcher

A projectile-launching machine for Dash & Dot explores the physics of flight and the power of the lever. Includes 3 projectiles and 6 stacking targets for LEGO®-compatible bricks. (Dash not included).

\$4,199.00

Motivated Makers Pack

Features 52 Cubelets (6 Brightness, 6 Distance, 4 Knob, 6 Battery, 6 Inverse, 6 Passive, 6 Flashlight, 6 Drive, 6 Rotate), 24 Brick Adapters, 1 durable storage tub, 1 Multi-Battery charger, and 5 Micro-USA charging cable.

339-2149482

\$3,199.00

Cubelets Boundless Builder Pack

For inspired invention and lots of building options: 19 Sense, Think, and Act Cubelets: 1 each of battery, bar graph, blocker, brightness, flashlight, inverse, knob, maximum, minimum, passive, speaker, temperature, and threshold; 2 each of distance, drive, and rotate; plus 4 LEGO® adapters, a charging cable and a storage tub.

339-2149474

\$1,389.00

By grouping sets of functions on specific cubes – sensors, motors, thinking – and with their unique robust, magnetic design, Cubelets are surprisingly easy to get started with but are limited only by your students’ imagination.

Cubelet Battery 2.0

2 rechargeable batteries, deliver 30% more power and easily recharge via Micro USB.

339-88623

\$74.99

Cubelets

Wireless Thymio Robot

With sophisticated proximity, sound, light and even temperature sensors and SD card slot, Thymio is both a robot and data collector. Thymio explores out of the box in one of 6 pre-programmed behaviours: friendly (green), fearful (red), explorer (yellow) plus three more. Follow a line, pull a load, draw a picture or program wirelessly with the free app. With Thymio it's easy to increase challenges and grow with your students' imagination and creativity. Age 6+.

339-98236

\$333.99

Rugged Robot

The first programmable robot designed for outdoor use! Created for robust challenges, coded instructions for the Rugged Robot are created on a tablet with a free app (iOS or Android) or on the TacTile Code Reader 525-00147 (see website) -- then sent via Bluetooth. Works with Rugged Robot mats indoor or outdoors, with a memory of up to 256 steps. Three speeds. Obstacle sensor that can trigger reverse and/or rotate 45 degrees before carrying out the rest of the program. Also sold as a kit with Rugged Robot activity Book and 4 mats (525-10000S).

525-10000

\$399.99

Edison V2.0 Robot

An ultra-sturdy, programmable robot with more built-in sensors than any robot in its class. Responds to light, sound, and TV/DVD remote controls; follows lines; avoid obstacles and connects with other Edison robots. You can even customize with Lego® bricks! Levelled learning with different programming languages: get started with simple barcode programming, progressing from drag-and-drop graphic based EdBlocks, to hybrid EdWare, and on to Python-based EdPy. EdPack 1 includes 1 robot and 1 programming cable. EdPack 10 includes 10 robots and 10 programming cables. Age 6+.

339-73643

EdPack 10

\$598.99

339-73635

EdPack 1

\$65.99

Edison Robot EdCreate Kit

Adds interactive engineering, and programming projects (EdChallenges) to the Edison robot (not included). Complete 5 EdBuild projects: tank, digger, robo-claw, crane and printer. Levelled activities increase challenge from barcodes to the Python based EdPy language. Accepts any LEGO® compatible bricks. Includes: 115 building blocks, pegs, gears, and more; EdCreate Challenges and Teacher's Guide. Age 8+.

339-76695

\$35.99

debug'd coding

UDL designed,
inclusive coding curricula
for all students

Debug'd supports explicit instruction with differentiation for students regardless of challenges:

- Physical
- Cognitive
- Receptive and expressive communication
- Literacy
- Visual perceptual
- English language learning
- Self-regulation and social/emotional

Each debug'd lesson creates connections to real world, daily living skills and activities – communication, teamwork, sequencing, problem solving, perseverance and community building.

As students practice and apply each new skill, they learn to see themselves as creators and not just consumers of technology.

With debug'd, students aren't just learning to code, they're coding to learn.

Debug'd Dash & Dot Curriculum

Debug'd Cubelets Curriculum

Debug'd Cubetto Curriculum

Debug'd was created through a collaborative partnership between Bridges Canada and the Inclusive Design Research Centre of OCAD University; made possible by a grant from the Innovation, Science and Economic Development department of the Federal Government of Canada.

New to our 2024 catalogue.

Apart from a few identified exceptions, our furniture arrives assembled. Saving time and ensuring durable build quality.

From tables to outdoor blocks, many of our products we warranty for life. See our website for details.

Proven Expertise, Quality Goods, Guaranteed Service

In over half-century of serving Canadians we've built a reputation for quality furnishings and materials that enhance early childhood education and care. With the expertise to help you realize an inspired learning environment. A stocked warehouse, broad selection and pre-assembly means reliable delivery for your centre or school before opening day or on any day. In fact, we guarantee it.

Service that makes a difference

Implementation Support

The vast majority of our furniture ships assembled. We can also mark boxes for not just a specific location but where in that location the items are intended – e.g. sleep area, active play, et cetera. This means a lot less work for your staff laying out and assembling their room.

Shipping

Louise Kool does not drop ship.

That means we can inspect goods when they arrive in our warehouse and confirm they are ready for your centre.

With drop shipping, your final destination could get phone calls from a customs broker looking for information or payment of additional fees. It means we can clear customs and track shipping progress for complete reliability and transparency and no extra work for you.

Delivery When You Need It

You don't want to get your chairs two weeks after your centre opens. Or a week before your new floor is put in. We warehouse your goods to deliver your order, at a specific time that makes sense for you. So you can set up without waiting for multiple deliveries, from multiple sources.

Everything arrives ready to go from Louise Kool when you need it.

Louise Kool & Galt's History and Details

Louise Kool & Galt (LKG) has been enhancing learning environments with high quality furnishings and materials across Canada since 1963.

We have grown to carry the most complete selection of quality goods for early learning available in Canada.

LKG's expert team has unmatched experience supporting Canadian early years care and education:

- Hundreds of new child care centre openings and expansions from coast, to coast, to coast
- Nova Scotia's, province wide, pre-primary classroom roll-out.
- Junior Kindergarten implementation
- Ontario Early Years Centre's
- Best Start projects
- Supplying for Aboriginal Head Start on Reserve (AHSOR) programs including to remote fly-in communities
- Ontario Full Day Kindergarten implementation

Other key facts about LKG:

A 38,000 sq ft. warehouse that stocks product for quick turnaround.

LKG has the largest showroom of furniture and materials for early learning in Canada.
