

# Shelving for Montessori

**Graceful curves and the natural glow of maple invite children into a Montessori environment.** With the Sweep and Corner Shelves, you can design your sensorial, math, and language areas to complement the shape of your room.

All shelves are 37 cm (14½") deep. Corner shelves are 38 cm (15") deep.

**Note: Does not connect to Roomscapes shelves or panels.**

to move shelf.

**Durable and safe**  
Solid maple with softly curved edges combines safety and old-world craftsmanship. All our shelves are coated with a childsafe finish.

**Strong**  
Shelves are built with mortise and tenon joints, the strongest in woodworking.
