

Preschool Creative Arts

Louise
KOOL & GALT

Art is an essential element in early childhood education, fostering creativity, self-expression, and imagination. This room offers opportunity for both teacher guided and child directed arts and crafts projects.

The classroom is open and airy allowing multiple stations for different art activities. The **Clear Panels** and **Open Back shelves** allow for access to materials from both sides while dividing and organizing an open space.

The **Trapezoid Table** is perfect for group learning and can seat more than 5 children at the same table. Child centered table prompts children to express themselves freely and creatively, encouraging individuality and exploration.

Mini Art Island - Both an easel and accessible storage for supplies, the Mini Art Island creates an instant centre of inspiration wherever you roll it. Children can easily attach their own paper to the magnetic whiteboards or just get creative with dry erase markers.

Creative Unit - Organized storage of art supplies in one convenient unit. Children can select their own materials or corners come off to place a table. The angled shelf displays choices in an easily accessible layout. The sturdy **Drying Rack** is mobile and open on the back. A removable drip tray makes for easy cleanup.

The versatile **Book Cart** - with clear sides, and adjustable book ends, is a perfect way to bring not just books, but all kinds of concrete inspiration to children.
