

TIPS TO MEASURE YOUR FEET

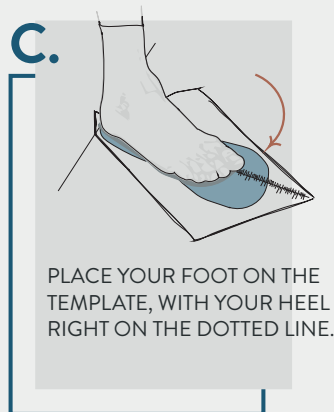

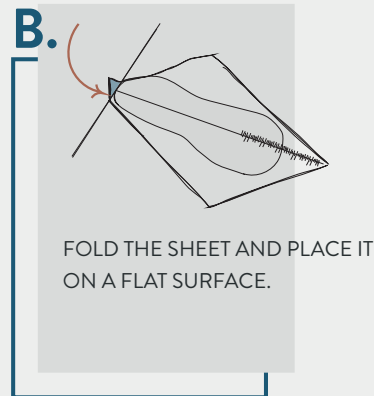

This is easy, we promise. And after you've found your size, there's the wonder: you, Velasca, and lots of new adventures together. Here are two way: choose the one you prefer.

1. Print and measure (no printer? Go to step 2)

Take these freshly printed instructions, making sure the print scale is 100%.

You can check that the proportions are correct by superimposing a credit card on the template we have drawn on the next page.

Done? Good; now onto these following:

Hi, here are the last 2 tips.

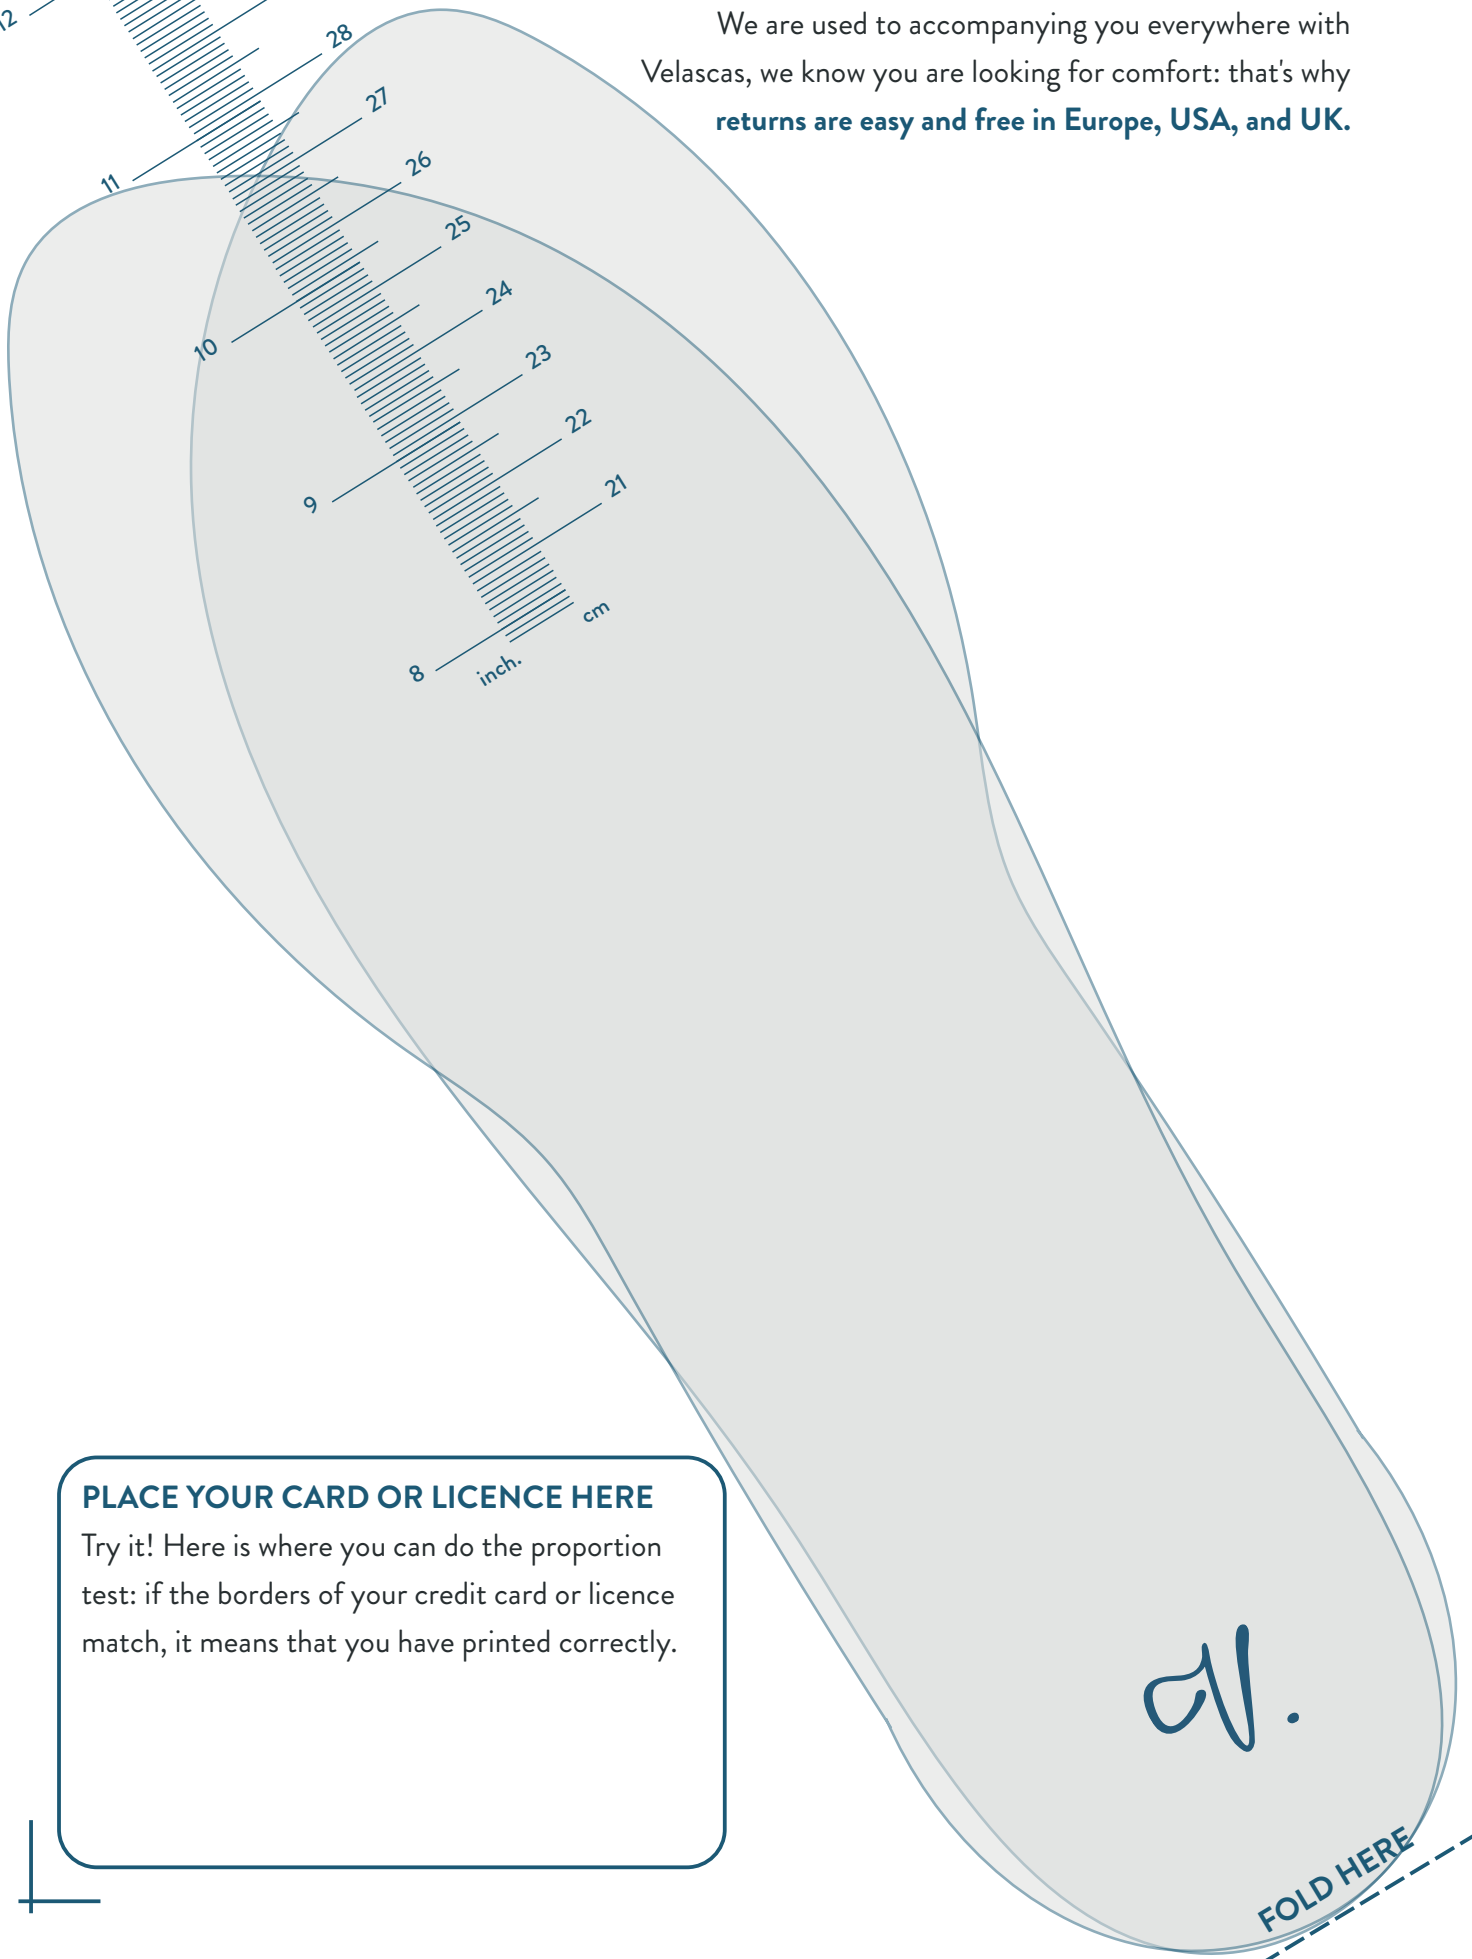

Measure both feet: you might get two different values (that's what we're like!), so consider the larger size.

Relax your foot: you will get a more accurate measurement.

PEBBLES IS YOUR SHOE?

Call **+19294455872** or write to ciao@velasca.com.

We are used to accompanying you everywhere with Velascas, we know you are looking for comfort: that's why **returns are easy and free in Europe, USA, and UK.**

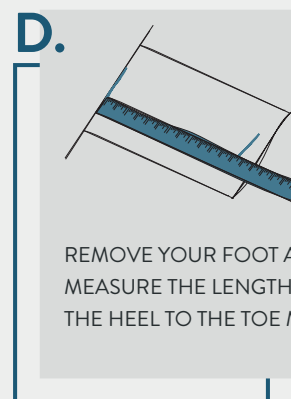

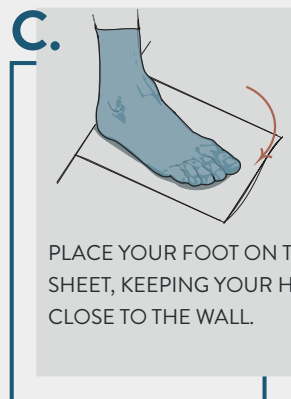

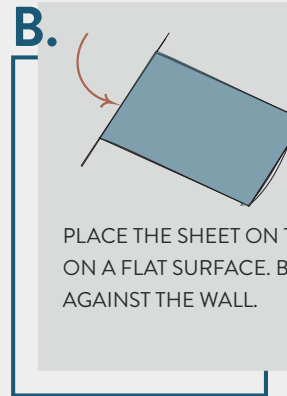

PLACE YOUR CARD OR LICENCE HERE

Try it! Here is where you can do the proportion test: if the borders of your credit card or licence match, it means that you have printed correctly.

FOLD HERE

2. Just a spoonful of... pencil and ruler

And a blank sheet of paper. Then follow these simple instructions:

2 useful tips

Measure both feet: you might get two different values (that's what we're like!), so consider the larger size. Relax your foot: you will get a more accurate measurement.
