

# 005-0080 Billet Adjustable Front Upper Control Arm Kit - 2005+ LX/LC RWD

**ONLY A QUALIFIED ALIGNMENT TECHNICIAN SHOULD PERFORM CONTROL ARM CHANGES TO YOUR VEHICLE. ADJUSTING CONTROL ARM LENGTH WILL AFFECT YOUR STEERING ALIGNMENT AND SHOULD NOT BE DONE WITHOUT PROPERLY ALIGNING THE VEHICLE IMMEDIATELY AFTERWARD.**

- Arms should only ever be installed as a pair
- On Urethane Bushing arms, each arm requires two of the same offset tab -do not try to adjust caster by mixing tab offsets on the same arm.
- For Spheriflex arms, you can change caster by mixing tab offsets front/back.
- Torque M8 Bolts to ~200 inch-pounds
- Torque M10 Bolts to ~55 Foot Lbs
- Torque Spindle Nut (M12) to ~55 foot-pounds dry - do not lubricate
- Torque Chassis Mount Bolts/Nuts to ~75 foot-pounds
- Included lubricant can be used to coat the bushing sleeve and bushing faces to prevent squeaking. Do not apply between urethane and aluminum control arm bore.
- Additional tab offsets available from AAD Performance
