

*User Guide*

# AromaCruise

VEHICLE FRAGRANCE DIFFUSER

**AROMA** TECH

# *Transform Your Travel Experience*

The AromaCruise allows for natural fragrance to be dispursed throughout your vehicle with ease.

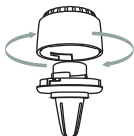

Enhance your mood,  
stimulate your senses,  
& cruise with confidence.

The AromaCruise is designed to store and disperse Essential & Aroma oil through a series of natural stones. This technology maintains the oil's natural characteristics and chemical structure, allowing for full benefits to be released.

One stone lasts 2-4 weeks.  
Simply add a few drops of your favorite oil to the stone to reuse or increase scent intensity.

# *How To Use*

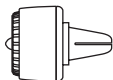

1. Unscrew and open.

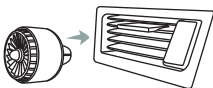

2. Add 10-20 drops of oil to stone.

3. Screw top back on tightly.

4. Clip to car vent and turn on air flow.
