

How It Works

The AromaCube is a very simple and easy to use home scented diffuser that works silently and diffuses fragrances magically. You can leave it at home or travel with it. The AromaCube is so small that it will fit in any suitcase or bag with ease. You can take your very own zen wherever you go!

Set It Up

First remove battery cover and install batteries, then reattach cover.

Make sure the AromaCube is OFF, then swing open the drawer and pad compartment in the middle of the diffuser by pushing on it with your finger.

Insert a cotton pad that came with the scent diffuser into the drawer.

Use a 10 ml bottle of essential and aroma oil blend and apply 10-20 drops on the cotton pad. For a stronger scent use more drops. For a lower scent intensity use fewer drops. No mixing of oil with water is required.

Swing drawer shut, drawer will click into place when fully closed.

Press the start button and let the AromaCube handle the rest as it safely diffuses the scent of the aroma or essential oil for two hours before powering down automatically. Yellow indicator light will gently illuminate to show the unit is working.

Tip: Take it with you and use in your car to create your perfect zen!

FAQ - AromaCube

Q: WHAT IF MY AROMACUBE DOES NOT TURN ON?

Check to make sure the batteries are brand new and are properly installed. If using a power adaptor make sure it is properly plugged into the DC power jack, and the electrical outlet. Press the button on the AromaCube to turn it on, a soft LED light will light up and you will feel the air flow from the top of the device.

Q: WHAT IF I CAN'T SMELL THE FRAGRANCE?

If your device is running on batteries, make sure the batteries are properly installed. If using a power jack, confirm the power adapter is plugged into the device and an electrical outlet. Press the button on the side of the AromaCube and the LED light will turn on. Double check the scent pad is inserted and you've added at least 10-20 drops of aroma oil.

Q: WHAT TYPE OF OIL SHOULD I PUT INTO THE AROMACUBE?

The beauty of the AromaCube is that you can put absolutely any essential oil or room fragrance you desire. Use it with your own fine perfume or AromaTech essential oil blends to create your own ambiance.

Q: HOW OFTEN DO I NEED TO CHANGE THE COTTON PAD?

If you are using the same essential or aroma oil over and over again, there is no need to change the cotton pad. If you are always changing fragrances, we recommend to replace the pad for every new essential oil you are using. To purchase more cotton pads check out our online store at www.aromatechscents.com. Available in a 5 piece pack.

Q: WHERE CAN I BUY REPLACEMENT COTTON PADS?

AromaTech makes it easier for you to replace your cotton pads. Simply shop our online store at www.aromatechscents.com, and purchase your new 5 pack.

Q: HOW LONG WILL THE BATTERIES LAST?

Depending on your usage the batteries will last you 2 months or longer.

Q: HOW LONG DOES THE AROMACUBE RUN BEFORE IT SHUTS OFF?

AromaCube essential oil diffuser runs for 2 hours before it shuts off. To resume press the power button on the side of the diffuser.

Q: WARRANTY AND SUPPORT?

All products designed by AromaTech come with a 1 year limited warranty. If you have any questions or issues simply call 1-888-276-6245 or email us at help@aromatechsystems.com and we will be happy to assist you.

DISPOSAL

Dispose of used pads in the garbage. Please donate or recycle the AromaCube if you no longer have use for it.

LIABILITY

AromaTech will not be responsible for damage, injury, or poor performance caused by use of other fragrance or material on pads, or use of other pads in the AromaCube. Only use AromaTech cotton pads in the AromaCube.

CAUTION

Do not immerse in water. Keep air vents clear of debris and dust. Keep out of reach of children or pets.

Small, Sleek & Silent

Take your favorite scent anywhere with the AromaCube oil diffuser. Compact and portable, this home fragrance diffuser is perfect for any small space, from your bathroom to the bedroom, or your home office, the AromaCube is the most cost effective and versatile way to get the most out of your essential and aroma oils.

The Basics

The AromaCube Fragrance diffuser is the most ideal portable home scenting solution for anyone who wants to diffuse essential oils and preserve their key benefits, or create an ambient atmosphere in their home with aroma oils. Simply add 10-20 drops of your favorite essential or aroma oil blend and enjoy! The more drops you add the stronger the aroma.

The Basics

Dry-air diffusion is an easy and heat free way to diffuse AromaTech's 100% Essential and Aroma Oil Blends.

AromaTech™ diffusers increase your health and well being by releasing nano particles and purify the air. Our diffusers are ideal for creating a unique and inviting ambience in your home and getting the maximum health benefits from your essential oils.

Unique Technology

The essential and aroma oils are diffused through dry-air diffusion scent technology without the use of sprays, aerosols, or heating oils. This preserves the intention behind our essential and aroma oil blends, while maximizing their olfactive and therapeutic powers, without diluting in water, heating, or adding solvents.

AromaTech home fragrance diffusers support healthy indoor air quality while providing ambience and well-being. Transform your space and environment with the AromaCube essential oil home diffuser.
