**NINETY7**

Inside the box:
DOX battery pack, DOX charging base and quick start guide.

WARNING:
Only use the Amazon micro-USB cable and 9W adapter provided with your Echo Dot to Power and charge VAUX.

Getting to know DOX

- Echo Dot
- Dot docking tray
- Micro-USB plug
- Power button
- 4 LED indicator lights (front)
- Charging base
- Micro-USB charging port

Connecting your Echo Dot

1. Unplug your Echo Dot and place it into the docking tray.

2. Plug in 3.5mm and micro-USB plug into Echo Dot.

3. Press power button and play.

Enjoy your DOX plugged in. When fully charged, enjoy it cord-free.

Note: To remove the Echo Dot, unplug the micro-USB plug, then remove Echo Dot.

Turn ON: Press power button
Turn OFF: Press and hold power button for 3 seconds

Front LEDs

○   ○   ○   ○
25%   50%   75%   100%

When first LED is blinking, LOFT needs to be recharged. During charging, LEDs will blink to indicate charge level.
