Inside the box:
LOFT battery base and quick start guide.

WARNING:
Only use the Google Home power adapter provided with your Google Home to Power and charge LOFT.

Getting to know LOFT

Connecting Google Home to LOFT

1. Twist off your current Google Home base.
2. Align LOFT's power plug barrel with the plug on Google Home.
3. Simply slide LOFT on (do not twist). The plug and internal attachments will magnetically align.
4. Plug your Google Home power adapter into the bottom of LOFT and into wall socket.

When fully charged, unplug LOFT and take Google anywhere you choose.

Note: To remove Google Home, simply slide LOFT straight off.

Turn ON: Press power button.

Turn OFF: Press and hold power button for 3 seconds.

Front LEDs

○ ○ ○ ○
25% 50% 75% 100%

When first LED is blinking, LOFT needs to be recharged. During charging, LEDs will blink to indicate charge level.
