

# PANTASTIC

The Peter Pan Musical

## CHARACTER LIST & LINE TALLIES

There are 33 speaking parts in the play – though this can easily be adapted for smaller or larger casts using the editable WORD script – one important non-speaking part\*, and as many ensemble parts as desired. The parts can be roughly divided into four groups, into which any number of additional characters could be added. All characters could be played both by boys and girls, with names altered to suit if so desired.

You may wish to divide the roles of Peter, Wendy and Hook between two or more children.
