

## Instructions

### Aluminum Transfer Bench

Read the following instructions carefully before installation.

1. Place assembled Transfer Bench seat (A) upside down on work surface.
2. Attach back support (B) by sliding mounting tubes through cylinder brackets and lock into place with spring-loaded push-pins.

NOTE: Back support is reversible to accommodate left or right tub entry.

3. Attach U-shape armrest support (C) by sliding into mounting bracket and lock into place with spring loaded push-pins.
4. Place legs with suction cups inside tub.
