

## **Beautifully British Design**

Every component, every curve, every detail.

iCandy prams are designed in the UK to ensure absolute perfection and unrivalled style. When you choose an iCandy, you're not just buying a pram – you're guaranteeing the utmost in quality, safety and functionality for your child and your family. It's taken many years of advanced development and relentless testing for us to get to where we are today.

But it's not just the engineering that matters. It's the way an iCandy makes you feel. From the very first push you'll know the difference, and it doesn't all come from world-class engineering. A lot of it comes from our passion. We're a family business and our business is families. Run by Bradley and Warren Appel and started by their Grandfather Charles in 1933, a journey that has made a big impression on the nursery industry and has seen iCandy gain a fashion conscious fan base across the world.

This attention to detail, this dedication to creating the perfect pram, it's what drives us. We're proud of our heritage and our achievements, but we're even more proud that we've been able to help parents give their child the very best start in life. Our prams are a celebration of the beauty of life, and the journey of love and joy that a baby brings.

That journey starts right here.

# PEACH (7)

The world's definitive, luxury single to double pram, designed to fit perfectly around you and your baby. Tailored to perfection, the iCandy Peach is the choice of parents who demand cutting edge design and style that lasts. Famous for its one handed fold, the Peach can easily convert into a double pram with the use of innovative adaptors and other accessories.

#### BABIES FIRST JOURNEY

#### When to use a car seat

If you have your baby in hospital or a birth centre, you will need a car seat to drive your newborn home safely. The new Peach is a fully integrated travel system, allowing your baby's first journey to be a comfortable and moreover, a safe and secure one.

- Car seat adaptors allow you to add an infant carrier car seat to the frame.
- Go straight from car to pram without disturbing your child.
- The main car seat adaptors are included with the iCandy Peach.

#### Why use a carrycot?

Newborns need to lay flat until they are able to support the weight of their own head, roughly around the age of 6 months. The safest way to ensure a safe lay flat position is to transport your baby in a carrycot.

- A carrycot will aid spinal development, allowing your baby's airways to open fully.
- Attaching your car seat to your pram is convenient for a short period of time, but if you are out for over 2 hours your baby should be lying flat in a carrycot.

#### When to use a Seat Unit?

Once your baby can hold the weight of its own head (approximately at 6 months) they are ready to explore the world with greater visibility and interaction. This is the time to introduce the seat unit to your growing, inquisitive child.

- Seat Unit holds a class leading 25kg
- A longer and deeper sitting space provides greater protection and caters for babies of all sizes and weights
- Luxury quilted fabric plus an easy slide 'POP UP' harness, ensures your baby is always protected & comfortable.

#### OVERSIZED CARRYCOT

- Large and deep accommodating a baby from birth to 9kg
- · Luxury soft-touch fleece lining
- Colour-matched to your Peach, with added comfort for baby through quilted fabric and spacious construction
- Innovative 'zip in, zip out' design enables you to switch from carrycot to seat unit fabrics, using the same frame, saving valuable storage space
- Due to iCandy's innovative elevators you can raise the carrycot to a higher position, aiding further interaction with baby

### NEW LONGER SEAT UNIT

- Seat Unit holds a class leading 25kg
- One-hand seat recliner with four recline positions
- Choice of parent or world facing seat unit
- Adjustable foot rest for ultimate comfort
- iCandy's signature one-touch, five-point buckle
- A longer and deeper sitting space providing greater protection & comfort for your baby as they grow
- Seat unit easily adapts to the growth of your baby
- Luxury quilted fabric and easy slide 'POP UP" harness ensure your baby is always secure & comfortable

#### PRODUCT FEATURES

#### **Elevator Adaptors**

iCandy have created unique elevators that allow the single seat or carrycot to be positioned higher and closer, providing further interaction between the parent and young child. The elevators can also be used in world-facing mode to bring the child closer to the table when out and about in restaurants, cafés or even at home.

\* 15kg seat unit limit on adaptors

#### Carry Strap (1)

The adjustable carry strap considerably enhances functionality. It allows you to carry the chassis over your shoulder, freeing up both hands.

#### Larger Seat unit (2)

New longer seat unit with Head-Hugger and easy slide 'POP UP' harness technology to accommodate up to 25kg in single mode.

#### Clever canopy (3)

An extendable SPF50 hood with fold out sun visor and Aeromesh ventilation panel ensure comfort and protection.

#### Removable seat pocket (4)

Ingenious 'PIP ZIP' bag. Perfect to keep those important valuables safe.

#### Carrycot

Oversized carrycot with a luxury fleece lining

#### Extra large 44 litre basket

Holds up to 10kg in weight.

#### Car seat

Converts to a full travel system with car seat adaptors.

#### One-hand compact fold with auto-lock

Effortless to push and fold, with an automatic lock. Free standing chassis ensures super easy pickup and store.

#### Softer suspension

The smoothest ride for your baby whether off roading in the park or negotiating uneven urban curbs.

#### MY ICANDY - CORE RANGE

The iCandy Peach has firmly established itself as both a style and technical icon and is a pram that is loved and trusted by parents around the world.

The Peach Core Range is available in 3 distinctive colour options to suit your own individual style. The soft smooth touch twill fabrics in Ivy & Truffle are designed to perfectly match the hand-polished Phantom Grey chassis.

The Black twill fabric is matched to its own matt black frame for that classic monotone look.

Combined with classic leatherette detailing on both handlebar and bumper bar, the luxury jersey fabrics provide an unsurpassed level of luxury for you and your baby.

#### DOUBLE MODE

The world famous iCandy Peach is a multi-functional single to double pram.

Not only a style icon complemented with incredible functionality, it can also carry two children on the one frame within a single pram footprint. This eliminates the potential expense of purchasing an additional pram should a second baby follow in relatively quick succession. The majority of first time parents purchase the Peach as a single, with the added peace of mind that it can scale into a double pram. Upgrading to a double pram couldn't be any easier. Parents simply need to purchase a converter, and in seconds the Peach transforms into a double pram with seat and carrycot.

The ingenious converter adaptors can be attached to the frame of the pram in just a few clicks. Also included in the converter is a second frame, canopy and bumper bar so that you can use your existing carrycot fabric in double mode when your second child comes along.

### Seat fabric or Carrycot Fabric (3)

If required, a seat fabric can be purchased seperately so that you can convert your existing carrycot to a second seat when your younger child grows out of the carrycot. A carrycot fabric can be purchased to allow you to have 2 carrycots for twins.

#### Elevators (4)

The iCandy elevators are included with your Peach pram and allow for a more intimate connection with your newborn by lifting them up higher and closer to parent. They can also be used in forward mode so that your child is at table height.

15kg Max weight limit on elevators.

Double configuration requires purchase of converter and if required, a second seat fabric.

## RIDE-ON TODDLER BOARD

The Ride-on Board for the Peach is a great in-built solution for a family with a new baby and a toddler who is walking but still needs help when they're tired. The Peach Ride-on Board can hold up to 20KG and provides an anti-slip platform upon which a young child can stand securely and safely within the handle bar space.

#### **ACCESSORIES**

#### PEACH CONVERTER

The iCandy Peach is a single to double pram which means that parents have the option to convert to a double stroller. The converter includes adaptors that can be attached to the chassis of the pram in just a couple of clicks. A second frame, canopy, bumper and rain-cover are also included.

#### SECOND SEAT FABRIC

The second seat fabric allows you to convert your existing carrycot into a second seat for tandem use. Please note you will first need to purchase the Peach converter separately when upgrading your iCandy Peach into a double pram.

**SECOND CARRYCOT FABRIC** The second carrycot fabric allows you to convert your existing seat into a second carrycot for twin use. Please note you will first need to purchase the iCandy Peach converter separately when upgrading your iCandy Peach into a double pram.

**LOWER CAR CAPSULE ADAPTORS** These adaptors allow you to add a car capsule to your pram when set up in double mode.

**FOOTMUFF** The innovative iCandy Footmuff is an all-in-one seat liner and footmuff. The seat liner is fully reversible, boasting a soft touch fleece on one side and a cooler textured fabric on the other. During the colder months, an apron can be attached to the seat liner to create the footmuff.

#### **LUXURY SEAT LINER**

Designed to protect your luxury pram from spills and general wear and tear. Our liners provide an extra soft cushion so your little one can ride in comfort as well as style! Black only.

#### **RUCKSACK CHANGE BAG**

Unisex in style, the iCandy Peach rucksack changing bag is an optional accessory that comes complete with a changing mat, branded wipe clean liner and bottle tote. It comes complete with bag hooks to attach to your iCandy Peach.

#### **CUP HOLDER**

The iCandy Cup Holder + Clamp allows you to attach the super useful drink holder to the Chassis of your iCandy pram.

#### SUN COVER

The iCandy Screen features a maximum rated UPF 50+ fabric, which effectively blocks up to 99% of harmful UV rays. Mesh is anti-glare and surrounding fabrics offer UPF50+.

#### **DESIGNER COLLECTION**

Mist Blue Marl

Light Slate Marl

## What's in the package?

Chassis with 'RIDE-ON BOARD', Seat unit, Carrycot fabric, Canopy, Carrycot apron, liner and mattress, Luxury leatherette bumper bar, Rain Cover, Elevators, Upper car capsule adaptors, **Matching Luxury Footmuff and Mothers Bag,** Instruction Manual, 5 year warranty.

DIMENSIONS: All-In-One Fold - 85 x 61 x 30 Unfolded - 72 x 61 x 98-110

WEIGHT: 9.2 kg Maximum liftable weight 12.1kg (Chassis, wheels & seat) 9.4kg (Chassis & wheels) 2.9kg (seat unit), 4.0kg (carrycot)

## Seat Unit

Extendable & Vented SPF 50 canopy

One handed, 3 position recline in parent or world facing mode

Identical seat size in double mode

## Carrycot

As a from birth travel system the Orange has been designed to put the safety and comfort of your baby first. The Orange carrycot which is included, is one of the largest in its class. The base has raised feet which aid air circulation, and when paired with the Elevator Adaptors allows greater interaction with your baby, helping with development.

## **Flevators**

iCandy have created unique elevators that allow the single seat or carrycot to be positioned higher and closer, providing enhanced interaction between the parent and child. Understanding the needs of the modern day parent, the elevators can also be used in world-facing mode to bring the child closer to the table for when out and about in restaurants, cafes or even at home. (included with Single Pram)

## Accessories

**Converter** As your family grows so can your pram with the Orange converter. Simply attach the adaptor clips to your Orange chassis to create a double pram using your seat unit and carrycot together. If you require a second seat or carrycot simply purchase these items seperately. With the use of all components the innovative converter allows for 30 different configurations. The Orange can be folded with adaptors in place making it easier for you to use.

The adaptor clips are available seperately for those that only require a seat + car capsule solution (lower capsule adaptors purchased seperately )and will never require a second seat or carrycot.

#### Second Seat Fabric

You have the option of adding an additional seat unit fabric if you want to use 2 seat units. This second seat fabric is identical in size to your first seat to ensure the highest level of comfort for both children.

**Second Carrycot Fabric** Having twins? You have the option of adding an additional carrycot fabric if you want to use 2 carrycots.

## Car capsule adaptors - Upper & Lower

Upper car seat adaptors allow you to add a car capsule to your single pram and are included with your Orange. Lower car seat adaptors (purchased seperately) allow you to add a car capsule to the lower position of your double pram.

Cup holder and Clamp Attaches to the chassis

for beverages. Ensure you match your clamp with your pram as clamps are specific to each model.

**Screen Suncover** The iCandy Screen features a maximum rated SPF 50+ fabric, which offsetively blocks

which effectively blocks up to 99% of harmful UV rays, covering the child's head, neck, shoulders and legs. The Screen is a universal fit and can be used on the majority of pram brands.

## LIME

We've made 381 decisions...so you only have to make 1.

iCandy prams are meticulously designed and painstakingly tested to ensure that every single component is engineered to perfection. Our new Lime is the latest example of this. Every single one of the 381 individual components has been carefully considered and designed to ensure the utmost in functionality and quality.

We've taken our knowledge and expertise and condensed it into this all-new, multi-function, compact-fold travel system that takes your baby from birth to 25kgs and has the added benefit of an integrated ride-on board.

The Lime features a first from iCandy – a new fold system we've called Total-Fold. This means the Lime folds quickly and easily with the seat unit and bumper bar still attached, resulting in one of the fastest and most compact folds available. As a complete travel system, the Lime takes functionality to the next level. With car seat adaptors included you can attach your compatible car seat or use the spacious newborn carrycot.

The lightweight aluminium frame provides the smoothest push imaginable. Our trademark Elevator Adaptors are included in the Lime package and allow you to raise the height of the carrycot and seat unit. With the carrycot in place the Elevator Adaptors bring baby closer to you in order to increase interaction and development and also reduce bending for parents. When used with the seat unit, Elevator Adaptors also allow the pram to be used in world-facing mode, allowing your child to join in with meal times when out and about if a high chair is not available.

Seamless functionality and every day usability were our number 1 priority when designing the Lime. The spacious, easy to access basket holds up to 10kg and the adjustable leatherette handlebar always ensures the perfect position for a comfortable push. Reclining and removing the seat is a one-handed operation and a one-touch, easy to adjust 5-point safety harness with our quick-clip system makes getting your child in and out the seat unit simple.

For parents who have an older sibling, the Lime's innovative integrated ride-on board offers the perfect solution. It holds up to 20kg and avoids the hassle and expense of an additional attachment which can get in the way of your feet. Suitable for use with the carrycot and the seat unit, the built-in ride-on board provides a seamless solution for your growing family.

#### INTEGRATED RIDE-ON BOARD

Ideal for older siblings, the built-in ride-onboard means the Lime can accommodate a second passenger without the need for any additional attachments which get in the way of your feet.

#### **FUNCTIONALITY FIRST**

Functionality comes first with Lime. Large capacity basket, one-touch safety harness, handy storage pocket and easily adjustable leatherette handle make Lime easy to live with.

#### CLASS-LEADING COMPACT FOLD

Unique Total-Fold system enables pram to be folded with the seat unit and bumper bar still attached. Quick, easy, and hassle-free with our convenient carry-strap.

#### SAFE SLEEPING

The spacious, fleece-lined carrycot is the safest way to transport your newborn.

#### THE LIME IN DETAIL

# MiCHAIR

At iCandy we've always been known for pushing boundaries in design and functionality with our luxury prams. Now we've applied our experience and indepth knowledge to create a truly unique high chair. The iCandy MiChair is the first of its kind, and has been created to fit seamlessly with modern living. Our goal was to produce outstanding ergonomics and usability whilst simultaneously creating a stunning piece of furniture to complement every home. In addition to this, we wanted

to make a high chair that goes beyond just being a high chair. That's why the iCandy MiChair transforms into a nursery chair or rocking chair once its life as a high chair has ended. With the optional Newborn Pod, the iCandy MiChair is suitable from birth, letting your child be part of meal times from their first days. The detachable, one-piece tray is made from a single piece of material that makes it simple to clean and dishwasher safe.

Comfort Packs are available in assorted colours.

The 3 pillars of the iCandy brand revolve around Innovation, Design and Quality. The confidence we have in our own products has now allowed us to offer a 5 YEAR warranty across our entire range of prams and a 10 YEAR warranty on our MiChair.

Each iCandy pram is conceived, crafted, engineered and tested far above and beyond the necessary standards to ensure that it provides an experience unmatched by any other product, and now we have introduced the 5 year warranty to back this up starting with products purchased from the 1st of January 2019.

What's covered by the warranty? - iCandy will cover the hard-good components of a new iCandy pram for 60 months from the original date of purchase from an authorised iCandy dealer. This includes any additional seat units or carrycots if being used in

double/twin mode. Exceptions to this are: The tyres—these are covered for 36 months for manufacturing faults only / Any fabrics or soft goods including handle grips and bumper bar covers - these are covered for 24 months for manufacturing faults only / Any accessories such as Cup holders, Adapters, clamps, parasols, footmuffs, seat liners, bags, flavour packs, duo pods, travel bags and companion packs — These are covered for 12 months for manufacturing faults only.

The iCandy MiChair will now be offered with a staggering 10 year warranty - a testament to the design and engineering excellence that have become synonymous with our first high chair.
