

STEEL PID

The STEEL range goes one step further and transcends the Home use. It is a semi-professional coffee machine for home, offices, and even the Hospitality channel.

The PID version offers a totally professional performance: Ø 58mm filter holder, external adjustable OPV, and an external PID display for temperature setting, adjustable pre-infusion, stand-by option and much more.

Thermodynamic group with PID control. Thermal stability. Quality in cup. Less lime scale build-up. Stainless steel circuit reduces lime scale build-up. Unlimited steam.

Healthy 100%. AISI 316 stainless steel water circuit. No metal migration in water. Complies with European standard EN 16889.

Clean water. Water is constantly renewed and clean for every coffee. The taste and smell of the coffee are unaffected.

MAIN FEATURES / CARACTÉRISTIQUES PRINCIPALES

Thermoblock group . Professional group. State-of-the-art technology. Healthy 100%, great thermal stability, clean water, less lime, unlimited steam.
